

ORGANIZING COMMITTEE

Patron: Prof. Seyed Ehtesham Hasnain, Vice Chancellor

Chairman: Prof. M.S. Alam, Dean, Faculty of Science

Organizing Secretaries: Prof. S. Raisuddin & Dr. Suhel Parvez

Jt. Organizing Secretaries: Dr. T.O. Siddiqui (JH) and Dr. Shahid Umar (JH),
Dr. Krishna Gopal (AEB)
Treasurer: Dr. Nidhi

Dr. G.N. Qazi	Prof. C.L. Kaul	Prof. M.Z. Abdin
Prof. Shakir Ali	Prof. E.A. Khan	Prof. M.P. Sharma
Prof. S.K. Jain	Dr. Kalim Javed	Dr. F.A. Wani
Prof. Asgar Ali	Prof. M.Y. Kharadi	Prof. M.J. Siddiqui
Prof. Pratima Ray	Prof. Mohammad Miyan	Dr. Rana Zaidi
Dr. Sarwat Sultana	Dr. H.A. Khan	Dr. A. Mujib

REGISTRATION AND ABSTRACT SUBMISSION

Submit Registration Form, Abstract, Lecture Proposals Online at the Symposium
Web Page: <http://www.jamiahamdard.ac.in/IETC2016/IETC.htm>

Registration/Abstract submission deadline:
October 31, 2016

Abstract acceptance communication:
November 5, 2016

WE SOLICIT COLLABORATION AND SPONSORSHIP FROM PROFESSIONAL BODIES AND INDUSTRY. PLEASE CONTACT ORGANIZING SECRETARY (PROF. S. RAISUDDIN) FOR DETAIL.

REGISTRATION FEE

Indian Delegates	Life Members of AEB	Research Scholars	PG Students	International Delegates
Rs. 5000	Rs. 4000	Rs. 3500	Rs. 2500	US\$ 400

Registration fee to be paid along with registration form/abstract in the form of DD/cheque in favour of Jamia Hamdard payable at New Delhi. Research scholars and PG students who will not need/will not be provided accommodation will pay Rs. 2500 and Rs. 1500, respectively as registration fee. Spot Registration with an additional fee of Rs. 1000. For online transfer: Beneficiary – Jamia Hamdard; Bank-Bank of India; Branch – Nehru Place, New Delhi; Account No. 601810100109919; IFSC- BKID0006018.

Collaborating Organization: Grass Roots
Research & Creation India (P) Ltd., NOIDA

Jamia Hamdard, New Delhi proudly announces hosting of **36th Annual Session of the Academy of Environment Biology (AEB), India** on its campus along with a **National Symposium on “Impact of Emerging Toxic Chemicals on Humans, Plants, Diseases and Sustainable Development”**. The programme will be organized by the **Department of Medical Elementology & Toxicology** and **Department of Botany**. During this meeting researchers from different fields will deliberate on effects of new and emerging classes of chemicals and their impact on human health, plants and agriculture and diseases. It will also be discussed as to how these chemicals impact sustainable development and economics and societal development of the nation. There will be Keynote Address, Plenary Lectures, Invited Lectures, Oral Presentations and Poster Presentations. Besides, there will be Award Session for Best Oral and Poster Presentations. Various Academy Awards, Medals and Felicitations will be conferred during the meeting. Grass Roots Research & Creation India (P) Ltd., (GRC) which is an ISO certified, QCI/NABLET accredited organization in the field of environmental consultancy is one of the collaborators for this Symposium.

The **Academy of Environmental Biology** established in 1978, registered under Societies Registration Act 1860, is an autonomous organization espousing scientific, technological, practical interests in the fields of science and technology, environmental pollution, occupational health and toxicology. It is a forum where scientists and young researchers interact once in a year in an effort to review and update their research, to explore research priorities, to discuss strategies to prevent further deterioration of environment, to identify areas of collaboration and to provide inputs to the governmental agencies for the safeguarding the ecosystem and human health. There are more than a thousand active members of the Academy.

The Academy patronizes **Journal of Ecophysiology and Occupational Health** (ISSN- 0972-4397) and honours and felicitates scientists and academicians for their contribution by conferring Fellowship, Awards, Medals and Citations.

The programme will be organized by the **Department of Medical Elementology & Toxicology** and **Department of Botany**. Both these Departments are known for their high quality academic and research programmes. The Department of Medical Elementology & Toxicology has pioneered post-graduation education in the subject of toxicology in India. It has very active research groups working in the frontiers of toxicology and producing high quality publications. It is hoped that during the proposed Symposium there will be an opportunity of vibrant interaction between stalwarts of the field and young and budding researchers of our country who will be the future leaders of science in India.

Proposed themes

- Endocrine disrupting chemicals
- Nanostructured chemicals
- Pharmaceuticals in environment
- Natural pesticides
- Polymers and plasticizers
- New classes of hemotherapeutics, drugs and contraceptives
- Environmental chemicals and plant diseases
- Regulatory aspects of production, usage and storage of chemicals
- Impact of chemicals on economic and social development
- Toxic chemicals and biodiversity
- Toxicogenomics
- Other relevant themes

Proposed Sessions

Inaugural Session and Keynote Address	Plenary Lectures by Leaders of the Field
Thematic Technical Sessions	Industry Sponsored Thematic Sessions
Award Sessions (Best Oral and Poster Presentation Awards)	Academy Award and Oration Session
