M.Sc. Programme in Clinical Research for Academic Session 2014-15 (6th Batch)

Admission will open soon. Seats are limited !!!

Jamia Hamdard is internationally known for Pharmaceutical Education and Research. The University is focussed on healthcare education. In order to meet growing demand of trained manpower in Clinical Research, Jamia Hamdard started a full-time **M.Sc. programme in Clinical Research** in 2009. This programme envisages imparting theory and practical training in all aspects of clinical research viz., concepts in clinical research, ethical and regulatory aspects, designs of clinical trials, planning and co-ordination of trial site, data management, biostatistics, clinical pharmacology and medical writing. The programme offers opportunity to individuals desirous of pursuing a career in expanding healthcare sector in India and abroad. The course runs in collaboration with reputed organizations such as **Ranbaxy Laboratories Ltd., Max Healthcare Institute Ltd. and INCLEN**. Students enrolled in this programme get a comprehensive hands-on on-site training at facilities of these organizations. Fourth semester students complete real-time full semester dissertation project at reputed research institutions, hospitals or Contract Research Organizations (CRO).

The key features of training include:

- Designing protocols for clinical trials, screening and recruitment of volunteers for BA/BE studies, informed consent process
- Co-ordination in BA/BE studies, site resource requirements, trial monitoring and clinical operations
- Pharmacovigilance: Causality assessment, ADR monitoring
- Regulatory affairs management: Submission of dossier to Regulatory Agencies
- Live sit-in in Institutional Review Board (IRB) meetings for ethical clearance of projects
- Clinical study report preparation, data handling and data management
- Analysis of biological samples through LC-MS
- Communications skills, medical writing, seminars and assignment
- Regular workshops and seminars

After completing the course our students are placed in reputed industry/Institutes such as

- **Novartis, Panacea Biotec, Troikaa Pharma, Apcer Pharma, Auriga Research Ltd., SRL Ranbaxy, Indengene, Meher Pharma, Jubilant ClinSys, Max Neeman.**
- **Max Healthcare, Sir Ganga Ram Hospital, Medanta, Escorts Heart Institute, Fortis.**
- **BIT Mesra, Jamia Hamdard in PhD Programme**

Eligibility: Candidates with at least 55% marks in aggregate having qualification of MBBS/BDS/BAMS/BUMS/B.V.Sc./B.Pharm./BOT/BPT/B.Sc.(Nursing)/B.Sc. with Biochemistry, Biotechnology, Microbiology, Zoology, Pharmacology and Toxicology as one of the subjects.

Distinguished faculty from Academia and Industry
