Subject: Compliments on excellent arrangements for MBBS entrance examination.

Dear Sir,

My daughter appeared for MBBS entrance examination on 15.07.2012 conducted by your University for the first time at your campus. I was personally present at campus along with many other parents. We all were overwhelmed with enormous satisfaction to see the excellent arrangements made by university in conducting the exam.

Proper display of Roll numbers, Segregation of examination halls, demarcation of seats and putting up notices at various places with in Campus made it easier for students to get in to their examination seats well in time. Besides, security teams at campus gates as well as in campus were actively directing and supervising the traffic and in process were ensuring that only authorized candidates with parents to be let in the campus. Also sitting outside along with many parents, I observed that many students were turned away for not carrying photographs and were not allowed entry without photograph being pasted on admit card. This kind of discipline is rarely observed at examination centers.

I think the kind of organizational effort which is put up by University team in conducting the exam at short notice, is really commendable and appreciable.

If my daughter gets admission to MBBS course of the University I would feel proud surely, But even in case she doesn't, I will feel satisfied that she made an honest attempt to get in and she couldn't get in because some other child was better prepared on that day.

Wishing success to all your future endeavor's

Yogesh Kumar Sharma
