About Jamia Hamdard
'Committed to excellence in higher education'

Jamia Hamdard (JH) was declared as a Deemed – to - be University by the Government of India in 1989 on the recommendation of University Grants Commission (UGC) under the UGC Act 1956 in recognition of the services provided by the erstwhile educational institutions established by the Hamdard National Foundation (HNF). These institutes, built over a period of time, included the Hamdard College of Pharmacy, Hamdard Tibbi College, Rufaida College of Nursing, the Institute of History of Medicine & Medical Research, and Indian Institute of Islamic Studies.

Jamia Hamdard was inaugurated by the then Prime Minister of India, Shri Rajiv Gandhi on August 1, 1989, who in his inspiring inaugural address applauded the efforts of Hakeem Abdul Hameed Saheb, the Founder, for setting up a number of institutions of learning which were finally merged to form a "Deemed to be University" namely Jamia Hamdard. In the words of Shri Rajiv Gandhi, "This will enable minority to go forward and help India to march forward".

Spread over a sprawling green campus of about 100 acres, located on a prime piece of land in South Delhi, JH has ten Schools including a medical college, two hospitals – a 550 bedded modern medicine hospital and another 150 bedded Unani medicine hospital – on its campus. It has a big library, archive centre, separate hostels for girls and boys, gymnasium, a large playground, residential quarters for the staff, and also an off-campus in Kannur, Kerala.

The University has been maintaining a steady progress in all facets in its existence of 30 years and is both nationally and internationally recognized for the quality of teaching and research. The overall progress in this period has been excellent in terms of infrastructure and maintaining the standards which is evident from the placement records, high quality of research, publications and patents. Jamia Hamdard is among the top 21 universities of India and ranked 1st in the field of Pharmaceutical sciences and its medical college is ranked 15th in the country by the Govt. of India (NIRF- 2020 ranking). Jamia Hamdard is perhaps the only privately funded Universities to get funding under the DST's PURSE (Promotion for University Research in Science and Engineering) Grant. Jamia Hamdard was placed at 2nd rank in i10 values and 5th in i100 values as per SCOPUS dataset of all the Institutes that were awarded the DST PURSE grant. The publications of Jamia Hamdard have received >16 citations/paper, perhaps the 2nd highest in India. The h-index of Jamia Hamdard is more than 100 and i100 is 100. About 38% of all our publications have been cited at least 10 times according SCOPUS database. JH has a close relationship with DRDO and joint research between Jamia Hamdard and INMAS - DRDO has led to development of pharmaceutical products which are being used by defence forces. The High Powered Committee established by the Government of India to identify "Institution of Eminence" has recommended Jamia Hamdard among the top 5 universities existing in the private sector.

The University follows a unique 3-Tier selection system for faculty appointments and in recent selections candidates from Johns Hopkins University, US-Ivy League Institutions, National University of Singapore, IIT, IIM have accepted and joined as faculty members.

The Founder

Late Janab Hakeem Abdul Hameed, a renowned physician, was the Founder-Chancellor of Jamia Hamdard, which he established with his own resources. A great philanthropist, thinker and visionary, he set up several institutions with the funds of Hamdard Wakf Laboratories. Some of the esteemed institutions established by him include Hamdard National Foundation, Hamdard Education Society, Hamdard Study Circle, Hamdard Public School, Hamdard Institute of Historical Research, Ghalib Academy, Centre for South Asian Studies and Business & Employment Bureau

He was honoured by several national and international awards including the Avicenna Award presented by the erstwhile USSR in 1983. He was conferred with Padma Shri and Padma Bhushan by the Government of India. He was also an honorary member of the Academy of Medical Science of the Islamic Republic of Iran and Chancellor of Aligarh Muslim University, Aligarh. In October 2000, the Research Centre for Islamic History, Art and Culture (IRCICA) Istanbul, Turkey, presented IRCICA Award for Patronage in Preservation of Cultural Heritage & Promotion of Scholarship to Hakeem Saheb posthumously.

His noble vision was to bring happiness and growth to society through the development of education, services and health care. His motivating force has inspired Jamia Hamdard to successfully undertake multidimensional projects in the service of society.

Chancellor

Mr. HAMID AHMED

Centre for Distance and Online Education

Jamia Hamdard is one of the top ranking Universities of the country. The National Assessment and Accreditation Council (NAAC), Government of India has accredited 'A' Grade to Jamia Hamdard with 3.15 under 4.0 Scale. It has been ranked at 18th position in the year 2019 and 21st in the year 2020 by the National Institutional Ranking Framework (NIRF), Government of India. The School of Pharmaceutical Education and Research (SPER) has been ranked No. 1 by the NIRF in the year 2019 and in 2020 also.

Jamia Hamdard has thirteen Schools of Studies offering high quality Programmes ranging from Certificate, Diploma, Undergraduate, Postgraduate and the Doctoral Programmes. They are: Hamdard Institute of Medical Sciences and Research, School of Unani Medicine, School of Pharmaceutical Education and Research, School of Nursing and Allied Health, School of Chemical and Life Sciences, School of Interdisciplinary Studies, School of Engineering Sciences and Technology, School of Humanities and Social Sciences, School of Management and Business Studies, School of Law, Hamdard Institute of Legal Studies and Research, School of Education, Training and Empowerment, School of Media Education and Mass Communication, and the School of Open and Distance Learning.

The School of Open and Distance Learning (SODL) of Jamia Hamdard now been renamed as the Centre for Distance and Online Education (CDOE) was established in the year 2004, offering various undergraduate and postgraduate diploma programmes. Major objective of the CDOE has been to provide access to higher education to those who are not able to draw benefits from the formal system of education. The open and distance learning system allows a learner to determine his / her pace of learning.

Our Founder Late Janab Hakeem Abdul Hameed Sahab has established Jamia Hamdard in order to extend opportunity of higher education to the disadvantaged sections of the society, especially, the Muslim minority. The dream of Late Hakeem Saheb is being fulfilled by offering programmes through ODL mode to the students of a few recognized Madarsas. This is enabling children from the Muslim minority dominated pockets of Delhi to get enrolled in the main - stream programmes and courses.

THE MANDATE

Open Distance Learning (ODL) mode of education has been recognized as one of the effective tools of educationally empowering those sections of the society, which could not afford to join the formal on - campus education due to various reasons. As a result, it is an effective tool for non - formal education. Presently, ODL institutions are not only imparting education as an alternative to the formal system but also making effective contribution in areas, such as vocational and technical education and even in high technology based education. The distance education also has potential to reach to the un-reached and even marginalized and excluded groups of the society such as tribal populations and Muslim women. Open and distance education provides an opportunity to students for acquiring new knowledge and skills that are needed for their development. Jamia Hamdard being in education for a long time has taken initiatives to offer an opportunity to those students who are unable to get on - campus education and those who have limited access to educational resources.

The flexible and innovative methods of education of Open and Distance Learning system ensures 'independent learning' to anyone, anytime and anywhere. The ODL Programmes of Jamia Hamdard also envisages providing an opportunity to girls from Muslim community, who by and large has been left out by the national educational endeavours.

Jamia Hamdard's study programmes under ODL are selective and customized to meet the learning requirements of knowledge seekers as well as to ensure that they learn at their own pace and convenience. Within the financial means of University, due care has been taken to keep the cost of education low, so that educationally backward sections can take advantage of University's programmes through ODL mode. This goal in view, the CDOE of Jamia Hamdard has made concerted efforts to offer professional and job oriented courses with regular updates of curricula and study material and introduction of tools of Information Technology.

THE ACADEMIC PROGRAMMES OF CDOE

The Centre for Distance and Online Education, Jamia Hamdard offers education through ODL mode in few selected programmes where University has tremendous strength. The courses are designed and developed with views to prepare a cadre of manpower with requisite knowledge and professional skills so that they can effectively function in the globalised economy, which is no doubt highly knowledge intensive. In its endeavours to cater for education and training needs of different socio-economic groups, the programmes have been carefully identified to fill the contemporary gaps in available courses offered by other institutions and the market demand, and/or to provide cost - effective options to the weaker sections of the society, who are unable to reap the benefit of development due to lack of adequate education, training and skills.

Keeping in view of the COVID – 19 pandemic, for the safety of the learners, the faculty and staff of Jamia Hamdard, the CDOE, Jamia Hamdard have decided to provide academic and the administrative support services to its learners through an integrated ODL – Online mode, following the latest guidelines issued by the University Grants Commission. The CDOE has been providing high quality academic support to its learners through high quality self – instructional study material, online theoretical counselling sessions, online submission of assignments and project reports. Examinations have also been conducted as per the guidelines issued by the University Grants Commission.

The CDOE has been offering career oriented Programmes. They are: Bachelor of Business Administration (BBA), Bachelors of Computer Applications (BCA), PG Diploma in Bio Informatics (PGDB), PG Diploma in Chemo Informatics (PGDC), PG Diploma in Dietetics and Therapeutics Medicine (PGDDTN), PG Diploma in Drug Regulatory Affairs (PGDPRA), PG Diploma in Environmental Monitoring and Impact Assessment (PGDEMIA), PG Diploma in Intellectual Property Rights (PGDIPR), PG Diploma in Human Rights (PGDHR), PG Diploma in Medical Record Techniques (PGDMRT) since last few years. As per the UGC guidelines, the one – year PG Diploma Programmes have been renamed as Advance Diploma Programmes from the session 2020 – 21.

Diploma in Professional Arabic (DPA), Diploma in Persian Language (DPL), and Certificate in Modern Persian Language (CMPL) have been added to the bouquet of the Programmes from the year 2019 – 20. The BCOM (Hons) and Diploma in Bakery and Confectionary Technology Programmes been introduced from the session 2020 – 21.

The BBA, BCA, BCOMH Programmes have been approved by the University Grants Commission. The Post Graduate Diploma Programmes are approved by the Academic Council of Jamia Hamdard.

Further, without sacrificing quality of education, cost of education under CDOE has been kept very low, facilitating students from the economically deprived sections of the society to get enrolled into the

programmes of CDOE and get education of their choice. Poor students, specially, girls are pursuing academic career along with their employment.
