

CENTRE FOR DISTANCE AND ONLINE EDUCATION

Jamia Hamdard established in 1989, has various prominent feathers of schools in its crown like: Hamdard Institute of Medical Sciences & Research, School of Pharmaceutical Education and Research, School of Unani Medical Education & Research, School of Nursing Sciences & Allied Health, School of Chemical & Life Sciences, school of interdisciplinary Sciences & Technology, School of Engineering Sciences & Technology, School of Humanities & Social Sciences, School of Management & Business Studies, School of Law, Centre for Distance and Online Education.

Performance of the faculty is reflected by the assessment of NAAC which has accredited the university in 'A' grade, School of Pharmaceutical Education and Research has been ranked 1st in India, as per NIRF 2021 ranking. Above distinguished faculties and available lab. facilities attract large number of students to enrol in various courses conducted by Centre for Distance and Online Education (CDOE).

Major objective of the Centre is to provide opportunities for higher education to those who are not able to draw benefits from formal system of education. The Open Learning System allows a learner to determine his/her pace of learning and Provides education at the doorstep of the learner. The mode of transaction is through self learning print material. It has further scope of students accessing material through internet and various other media. The Centre for Distance and Online Education is approved by Distance Education Bureau (DEB-UGC).

CDOE is offering following Courses:

These courses are highly job oriented. Therefore, a large number of students from socio-economically deprived sections of the society are registered in the school. The dream of our Founder late Hkm. Abdul Hameed Saheb, for education is being fulfilled by offering courses through distance mode because CDOE Jamia Hamdard encourages minority by recognizing some of the Arabic Madarasa's of minority dominated pockets equivalent to senior secondary schools, which is a special consideration for minority in general and Muslim girls in particular who become eligible for enrolment in some of the under graduate ongoing programmes of study. The poor students particularly girls are pursuing the academic career along with their employment.

Without sacrificing the quality of education, the cost of education is kept very low so that the economically deprived sections may also get opportunity to fulfil their desirous for acquiring education.
