THE FOUNDER

The founder-chancellor of Jamia Hamdard was a multi-dimensional personality, a dreamer, a visionary, a renowned physician and more than anything else, a philanthropist, who always had public service as his driving force. Even during the traumatic events of the partition of the country, he had a dream of setting up a complex of educational institutions, which would revive interest in India's enormous contribution to the world of medicine and science. The first institution in the Tughlaqabad campus was Institute of History of Medicine and Medical Research, whose foundation stone was laid on November 15, 1962 by Pandit Jawaharlal Nehru, former Prime Minister of India. Pandit Nehru, in his speech had said that this unique institution for research on history of medicine would provide a new insight into India's unique contribution to the development of Unani-tibb in the sub-continent. Hakeem Abdul Hameed had realized that Unani-tibb is a unique heritage of interaction between Indian and Central Asian Knowledge stream and it was only in India that tibb had flourished under the patronage of the great Mughals. He continued the mission of Hakeem Ajmal Khan in providing new dimensions to Unani-tibb by way of research on different aspects of its healing potential. To see his healing touch Prince Charles came to see his clinic as did many other celebrities around the world.

Hakeem Abdul Hameed

The educational backwardness of Indian Muslims was always a source of concern in the sensitive mind of Hakeem Abdul Hameed and he took initiative to address the problem by taking up positive steps which would directly benefit the Muslim community in their search for modern education.

Those were the days when education was still considered to be a primary function of the Government. There was no “globalization” and hardly any encouragement to provide funding for higher education. Private initiative in higher education and research in science was almost unknown. Hakeem Abdul Hameed established research infrastructure in the Departments of Biochemistry, Biotechnology, Botany, Chemistry and Medical Elementology & Toxicology and it was only later that postgraduate teaching was taken up in these departments. It was due to his untiring efforts that Institute of History of Medicine and Medical Research and Indian Institute of Islamic Studies were allotted adjoining pieces of land in Tughlaqabad area, despite a number of procedural delays caused by government departments. The institutions set up by him over a period between 1962 to 1989 were later amalgamated into Jamia Hamdard which was granted the status of 'Deemed University' by the Ministry of Human Resource Development, Government of India. With the humble beginning, the University now consists of eight faculties, namely, Islamic Studies & Social Sciences, Management & Information Technology, Medicine (Unani), Hamdard Institute of Medical Sciences & Research (HIMSR), Nursing, Pharmacy, Science and Engineering & Inter-disciplinary Sciences.

He was very deservedly honoured by several national and international awards including the AVICENNA Award presented by the erstwhile USSR in 1983. He was conferred with Padma Shri and Padma Bhushan by the Government of India. He was also honorary member of the Academy of Medical Science of Islamic Republic of Iran and Chancellor of Aligarh Muslim University, Aligarh.

Hakeem Abdul Hameed aimed at all-round growth and happiness to the society by providing opportunities for education and development of services and health care. It is his pioneering spirit that has always inspired Jamia Hamdard to successfully undertake multidimensional projects for the benefit of society and nation at large.

Jamia Hamdard and Hamdard National Foundation celebrated his Birth Centenary in 2008 which was inaugurated by the Vice President of India, Mr. Mohammad Hamid Ansari.

CHANCELLOR

Mr. Saiyid Hamid, Chancellor of Jamia Hamdard, has been involved with the activities of the University from its very inception. After relinquishing his office as Vice-Chancellor of Aligarh Muslim University, he joined Hamdard Education Society as its Secretary, prepared the project report for the targeted University welding together the different institutions already in existence in Hamdard Nagar, processed the proposal in the relevant Ministries and ultimately secured the “Deemed to be University” status for what was designated as Jamia Hamdard (1989). He has been engaged in licking the fledgling university into shape as Chairman of the Jamia Hamdard Society and as Chancellor. The Vice Chancellors of Jamia Hamdard have been looking to him for guidance.

As social activist, Mr. Hamid has been leading country-wide drives for literacy and education, health and hygiene, communal harmony and social reform. As Secretary, Hamdard Education Society, he has been associated with the management of two Senior Secondary Schools and one Primary School. In that capacity he has also set up and guided two coaching institutes, namely Hamdard Study Circle and Hamdard Coaching Centre. Through his efforts 231 candidates have so far made the grade in the civil services examination conducted by U.P.S.C. Other activities conducted under the Hamdard Education Society are a Talent Search-cum-Scholarship Scheme, Surveys of Muslim Managed Schools, Colleges and Madarsas. He is taking active part in modernization of Madarsas both in respect of curriculum and pedagogy. He was a member of the Central Waqf Committee and Executive Vice President of Maulana Azad Education Foundation.

Mr. Saiyid Hamid

From time to time Government of India has been consulting him on matters relating to minorities. He worked as Member of Prime Minister's High Level Committee on the Social, Economic and Educational Status of the Muslim Community headed by Justice Sachar. He served as a member of a High Level Committee set up on education by Ministry of Human Resource Development. Mr. Hamid was also Chairman of the Group of Vice Chancellors set up by the Oversight Committee on quota for OBC in universities and other institutions of higher learning funded by Government of India. He was Chairman of the Committee constituted by the Ministry of Minority Affairs to examine the feasibility of establishing three Muslim universities with minority character. He is a recipient of Sir Syed Ahmad Khan Award on education (2001) by American Federation of Muslims of Indian Origin (USA & Canada). Another prestigious recognition conferred on him was “Al-Ameen All India Community Leadership Award” (2002) by Al-Ameen Educational Society, Bangalore for social, educational and economic upliftment of the society at large and Muslim community in particular.

In recognition of the services rendered in the field of education, Mr Saiyid Hamid has been conferred D.Litt. (Honoris Causa) by Maulana Abul Kalam Azad National Urdu University. Recently he has been awarded the First Maulana Abul Kalam Azad Award, instituted by Andhra Pradesh Urdu Academy, in recognition of his outstanding contribution in popularizing education particularly among Muslim community. He is member of the National Monitoring Committee on Minority Education set up by the Ministry of Human Resource Development. He is the Chairman of Human Welfare Foundation. A collection of essays entitled “Saiyid Hamid-Muslim Face of India”, to which 25 eminent persons contributed, th was released by Mr. Mohammad Hamid Ansari, Vice President of India on 13 April, 2009 in New Delhi and by Mr. Shiv Shankar, former Central Minister in Hyderabad on 16th August, 2009.

Mr. Saiyid Hamid has in sum been a highly decorated person whose ceaseless toil for the uplift of the weaker sections has won recognition in different parts of the country.

VICE-CHANCELLOR

Dr. G.N. Qazi, joined Jamia Hamdard as Vice Chancellor on October 13, 2008. He obtained his master's and PhD degrees in Biochemistry and Microbiology respectively from M.S. University (Baroda) and Post Doctoral Training from the University of Dortmund (Germany). He has to his credit more than 40 years of research experience in the areas of Biochemistry, Microbial Biotechnology, Bio-Prospecting of natural Products and clinical validation studies for Indian classical drugs. He has been for more than 30 years in a leadership position and groomed scores of scientists and technocrats in the area of his core-competence. He has more than 250 international publications and about 70 international patents to his credit. He guided 35 scholars leading to PhD degrees of 12 Universities in India and Germany where he did his Post Doctoral research. He led several international collaborations during his carrier with CSIR and finally steered one of the five Regional Research Laboratories as a senior Director for over eight years since May 2000.

Dr. G. N. Qazi

Dr. Qazi is presently the Chairman of Drugs and Pharmaceutical Research Programme of the Govt. of India, the Chairman Unani Pharmacopeia Committee and the member Pharmacopeia commission for AYUSH drugs. As Vice Chancellor of Jamia Hamdard his immediate focus has been the total quality improvement. As a result the University has been re-accredited by NAAC and placed in category "A". Prof. Tandon Committee constituted by MHRD, Govt. of India also placed it in category "A" of Deemed University. He is credited for adding new member by way of Hamard Institute of Medical Sciences and Research, first private modern medical college in Delhi, to the Hamdard Group of Institutes. He also has plans to establish one more campus of Jamia Hamdard in Mewat region in Haryana, the focussed activity of which would be polytechnical education and skill development for the Muslim youths of that region.

MESSAGE FROM THE REGISTRAR

The Jamia Hamdard was declared Deemed to be University on 10 May, 1989 after merging Institute of History of Medicine & Medical Research, Indian Institute of Islamic Studies, Hamdard Tibbi College, Hamdard College of Pharmacy, Majeedia Hospital and Rufaia College of Nursing. The Jamia Hamdard, crossed many mile-stones successfully till date, thus making the University front runner among the best Deemed to be Universities. But declaration of Jamia Hamdard as Deemed to be University remained a major step in the successful life of Late Hkm. Abdul Hameed Saheb - the founder of Jamia Hamdard. And establishing and recognition of Hamdard Institute of Medical Science and Research is significant step in realizing the cherished dream of Late Hkm. Abdul Hameed Saheb, to integrate the modern system of medicine with traditional one particularly Unani medicine.

From the stage of just idea of establishing Hamdard Institute of Medical Sciences and upgradation of Hkm. Abdul Hameed Centenary Hospital to 360 bedded state-of-art Hospital till LOP stage, many persons contributed, some more, some less, some directly, some indirectly, some with words and some with actions, but the contribution of Dr. G.N. Qazi, Hon'ble Vice Chancellor was unique. He always remained focused to accomplish this great assignment. Dr. Qazi choose a team of well meaning and dedicated experts and professionals to achieve anything with diligence, decency and tenacity. With missionary zeal, he motivated his team to overcome all difficulties even at times, when fatigue took over everybody. We are proud of him and the team members. They did accordingly, what was planned and many times suffered being committed to the cherished dream of Hkm. Saheb. But at the same time, contribution made by those who were not-so-well-wishers is acknowledged gratefully. They make us aware about small limitations / mistakes by magnifying them many folds, so that our attention is attracted and could rectify the same. Thanks a lot.

Hamdard National Foundation has contributed with open heart and deserves all thanks for this Kind and Nobel gesture. In fact HNF is following truly the footsteps of Late Hkm. Abdul Hameed – a great HAMDARD of HUMANITY. HIMSR and HAHCH is and will remain a “Hamdard” to needy to reduce their pain with human touch.

We are proud to celebrate this magnificent success of starting Medical College in Jamia Hamdard but promise to strive, to seek and to achieve, miles to go before we sleep.

Dr. Firdous A. Wani

FROM THE DEAN'S DESK

THE BIRTH OF A NEW HEALING HAND

'There are two objects of medical education: To heal the sick, and to advance the science.' - Charles S Mayo, 1926'

The dream comes true. Letter of permission (LOP), the much awaited three word acronym for starting a new medical college at Jamia Hamdard has arrived amidst the scorching heat of June 2012. Thus, one more healing hand 'Hamdard Institute of Medical Sciences and Research (HIMSR)' emerges in the South East region of the National Capital Territory of Delhi. This could be at no better place than the famous Jamia Hamdard known for its outstanding contribution to health care sciences – a living testimony of our great founder Janab Hakeem Abdul Hameed Sahib. So, One more feather in its cap with the starting of the first of its own kind Public-Private medical institute – HIMSR, in the ever green lush campus of Hamdard University.

It is indeed a day of great reckoning for all those who have been associated with this prestigious project for last three years in many ways-visible or invisible. Time has come to say big 'thank you' to our benefactors, HNF greats, Chancellor, Janab Saiyid Hamid Sahib, the mentor and the visionary Vice Chancellor, Janab Dr. G.N. Qazi Sahib – the source of constant guidance and energy for their unstinted support and faith in us in a very difficult time among all stress and strains. They really had sleepless nights at times when our journey was in turbulent waters. Less said is better for our dynamic Registrar, Dr. Firdous A Wani who was always with us at times of needs. Unflinching support and guidance given by Professor NK Ganguly, right from the time of its conception, the institute will be remembered for ever. Thanks to all our innumerable well wishers, co-workers, professional colleagues at Associated Hakeem Abdul Hameed Centenary Hospital (HAHCH), the faceless silent workers in HIMSR, nursing and paramedical fraternity who have contributed immensely in taking this pious project to its logical conclusion.

S. Dwivedi

The journey to LOP has been blessed by many well wishers. The first step in this journey was to get the 'Essentiality Certificate' from the Government of National Capital Territory of Delhi which was facilitated by no other than the Hon'ble Health Minister, Dr. AK Walia; Chief Secretary, Mr. PK Tripathi and Dean, MAMC, Prof AK Aggarwal. The financial, moral and academic support lent by Dr. V.M. Katoch, DG, ICMR; Dr. RK Srivastava, DG-DGHS, and WHO functionaries; who helped us in organizing various health related symposia/ workshops at a time when the institute was yet to be born formally. They were indeed a great source of strength in establishing the academic credentials of HIMSR among the medical fraternity.

Nothing ever succeeds without the whole-hearted participation of the young minds who are the brick and mortar of any upcoming institute. Kudos to wise old brains, the senior faculty who guided and shaped these young minds during the entire journey. Our vision is to develop this institute as centre of excellence having state of art imaging facilities, cut edge technology, stem cell biology, nano and genomic medicine. An institute which would cater to all specialties of medicine and whose approach would be holistic rather than treatment alone. It is said that medicine is art and science both. It has inbuilt ingredient of sympathy, compassion, inquiry and sense of healing. Not long back Albert Schweitzer, French theologian and medical missionary said in his report: It is our duty to remember at all times and anew that medicine is not only a science, but also the art of letting our own individuality interact with the individuality of the patient.² This is what that this Institution will stand for.

Here is a word of caution. The woods are not over. There are numerous hurdles & bridges to be crossed, mile stones and deadlines still to be met. Decisive journey to final professional MBBS has yet to be achieved in years to come. Now is the time to chalk out a clear cut strategy to reach that final destination. Let us put all our heart and soul for achieving this goal. Time to pray God Almighty:

*O God bless this colossus,
Mission compassion wisdom & tenderness,
Comfort always healing most time and eagerness
Never to deviate path of righteousness no bewilderment,
Strive and drive for greater heights steadfastness!*

S Dwivedi

INTRODUCTION

Under the University Grants Commission (UGC) Act 1956, there is a provision for conferring the status of 'Deemed to be a University' to an institution which has excelled in a specific area of knowledge. In view of the high standards of teaching and uniqueness of erstwhile institutions i.e. Hamdard College of Pharmacy, Hamdard Tibbi College, Rufaida College of Nursing and published research work of Institute of History of Medicine and Medical Research and Indian Institute of Islamic Studies, the Ministry of Human Resource Development (MHRD) declared Jamia Hamdard as a 'Deemed to be University' on the recommendations of the University Grants Commission. The University was inaugurated by the then Prime Minister of India, Shri Rajiv Gandhi who addressed a large gathering of students, teachers and members of the Jamia Hamdard Society on August 1, 1989. In his inspiring inaugural address, he applauded the efforts of Hakeem Abdul Hameed for setting up a number of institutions of learning, which finally emerged in the form of the present University. He said, "this will enable minority (the Muslim) to go forward and help them to march forward"

Jamia Hamdard considers itself to be an institution different from the others in view of the personal stamp of Hakeem Abdul Hameed on the ethos value base education and work culture in the campus. Even those who never met the Founder are inspired by his vision of setting up of an institution, which would contribute and address the problem of educational backwardness of Indian Muslims. The entire University community is motivated by the ideals of its Founder and works ceaselessly for achieving highest level of excellence in education and imparting of value systems in day to day social life.

In recognition of the University's contribution in teaching and research, the National Assessment and Accreditation Council (NAAC), a constituent body of the University Grants Commission, conferred upon the University 'A' Grade in 2003. Jamia Hamdard has now been reaccredited with 'A' Grade by the NAAC in January 2011. Due to the fact that NAAC is slowly internationalizing and so when students from this University seek admission in a foreign university, they will be accepted within honour.

Hamdard Institute of Medical Sciences and Research (HIMSR) is the latest addition to the Jamia Hamdard fraternity. Hakeem Abdul Hameed Centenary Hospital, already fully functional with 350 bedded is one of the two hospitals of the medical institute. The other super specialty hospital with state of art technology will focus on cancer, cardiovascular diseases and critical care along with clinical research is on the board and will soon be a reality. The course offered in this Institute is MBBS and the University plans to launch post-graduate medical courses in due course of time with the permission of MCI. The new Medical Institute will admit 100 undergraduate students per year in the first phase.

The University has been maintaining a steady progress in all facets in its existence of 22 years. The overall progress has been excellent in terms of improvement in infrastructure, maintaining quality education, good placement records of students in India and abroad, high quality research and national and international collaboration etc. With the continued commitment and dedication, the University will surely march ahead and contribute to the requirements of human resource for our advancing economy in the 21st century.

HAMDARD INSTITUTE OF MEDICAL SCIENCES & RESEARCH

HAMDARD INSTITUTE OF MEDICAL SCIENCES AND RESEARCH

A VISION TAKES SHAPE

Hamdard Institute of Medical Sciences & Research (HIMSR) at Hamdard Nagar in New Delhi is an ambitious project of Jamia Hamdard aimed at furthering its scope in the life sciences and health domains and providing human resource and quality health care at an affordable cost.

HIMSR is envisaged to have a Medical College, a Dental College, an Institute for Hospital and Healthcare Management in addition to the existing Nursing College, Physiotherapy Department, and a Department for training other Para-medical staff. Planned as a new centre of excellence in medical education HIMSR will offer courses at Under Graduate, Post Graduate and Post- Doctoral levels in medical and allied subjects.

Deemed as a self financing, HIMSR an entity of the Hamdard group of Institutions is a part of Jamia Hamdard . It is designed to become an excellent Health care system in New Delhi. Once fully operational HIMSR will not only change the dynamics of healthcare delivery in Delhi but will emerge as a prestigious centre for learning in medicine and allied disciplines.

Hamdard Institute of Medical Sciences & Research is the great leap forward in line with the vision of founder of Jamia Hamdard and in fulfilling the dream of Hakeem Abdul Hameed to create an institute for suffering humanity. It shall establish the philosophy of Hamdard “Compassion, Concern, Care and Sharing in pain.”

HAKEEM ABDUL HAMEED CENTENARY HOSPITAL

Hakeem Abdul Hameed Centenary Hospital 350 bedded centrally air-conditioned Hospital This Hospital provides emergency and elective services to its patients.

The Hospital has following facilities:

- ✓ Dialysis units
- ✓ Four state of art Operation Theatres
- ✓ Advance Care Delivery Suits
- ✓ Fully equipped Intensive Care Unit for adults, new born and children.
- ✓ Fully equipped Emergency Room
- ✓ Round the clock highly qualified medical professional, nurses and support staff.
- ✓ Well equipped Radiology Services
- ✓ Fully computerized and equipped diagnostic laboratory and blood bank
- ✓ All the above facilities are available at affordable cost

It conducts special clinics like 'Cardiac Clinic', 'Tobacco Cessation Clinic', Diabetes / Endocrinology Clinic, 'Rheumatology Clinic', Nephrology Clinic, Colorectal Clinic, Hepato-Biliary Clinic, Laparoscopic Clinic. Besides these clinics it conducts routine health camps in the Community.

The Hospital is unique in the sense that it also provides services related to 'Preventive Cardiology' with the expert faculty. A Cancer Clinic, namely the Centenary Cancer Center is in the process of being established to provide cancer treatment at affordable cost.

NAME OF THE COURSE: M.B.B.S.

Study Period:

Every student shall undergo a period of study extending over 4 ½ academic years divided into 9 semesters, (i.e. of 6 months each) from the date of commencement of his study for the subjects comprising the medical curriculum to the date of completion of examination and followed by one year compulsory rotating internship.

Number of seats: 100

Allocation of Seat to different categories:

I) General Category Seats:	42
II) Reserved Category Seats (For Muslims):	43
III) Management Category Seats:	15

Note: 3% of the total annual intake of seats is reserved for candidates with Locomotory disability of lower limb, as per MCI norms, except management category seats.

ELIGIBILITY CONDITIONS

- 1.1 Age limit: Should complete the age of 17 years on or before 31st December, 2012. (Candidates born after 1st January 1996 will not be eligible)
- 1.2 Qualifying Examination: Candidates shall be admitted to first year of Bachelor of Medicine and Bachelor of Surgery (MBBS) Course only if he/she has passed qualifying examination as under :-
 - a. The higher secondary examination or the Indian School Certificate Examination which is equivalent to 10+2 Higher Secondary Examination after a period of 12 years study, the last two years of study comprising of Physics, Chemistry, Biology and Mathematics or any other elective subjects with English at a level not less than core course of English as prescribed by the National Council of Educational Research and Training after the introduction of the 10+2+3 years educational structure as recommended by the National Committee on education.

Note: Where the course content is not as prescribed for 10+2 education structure of the National Committee, the candidates will have to undergo a period of one year pre-professional training before admission to the Medical colleges;

Or

- b. The intermediate examination in science of an Indian University/Board or other recognised examining body with Physics, Chemistry and Biology

which shall include a practical test in these subjects and also English as a compulsory subject.

Or

- c. The pre-professional/pre-medical examination with Physics, Chemistry and Biology, after passing either the higher secondary school examination, or the pre- university or an equivalent Examination. The pre-professional/pre-medical examination shall include a practical test in Physics, Chemistry and Biology and also English as a compulsory subject.

Or

- d. The first year of the three years degree course of a recognized university, with Physics, Chemistry and Biology including a practical test in three subjects provided the examination is a "University Examination" and candidate has passed 10+2 with English at a level not less than a core course.

Or

- e. B.Sc. examination of an Indian University, provided that he/she has passed the B.Sc. examination with not less than two of the following subjects Physics, Chemistry, Biology (Botany, Zoology) and further that he/she has passed the earlier qualifying examination with the following subjects -Physics, Chemistry, Biology and English.

Or

- f. Any other examination which, in scope and standard is found to be equivalent to the intermediate science examination of an Indian University/Board, taking Physics, Chemistry and Biology including practical test in each of these subjects and English.

Note: Marks obtained in Mathematics are not to be considered for admission to MBBS Course.

- 1.3 (a) Candidates must have passed the subjects of Physics, Chemistry, Biology & English individually and must have obtained a minimum of 50% marks taken together in Physics, Chemistry and Biology at the qualifying examination as mentioned in the clause (1.2).
- (b) In respect of candidates belonging to Scheduled Castes, Scheduled Tribes or Other Backward classes. The marks obtained in Physics, Chemistry and Biology taken together in qualifying examination be 40% instead of 50% as above.
- (c) In respect of candidates with locomotory disability of lower limbs the minimum marks in qualifying examination in Physics, Chemistry and Biology taken together in qualifying examination shall be 45% instead of 50% as above in 2.1 (a)

2. Procedure for Selection of Students:

The selection of students to HIMSR shall be based solely on merit of the candidate determined by a competitive entrance examination, on All India

basis, to be conducted by Jamia Hamdard (Hamdard University) for candidates, who satisfy the eligibility conditions as in clause- 1 above.

- i. Syllabus for Competitive entrance examination shall be equivalent to 10+2 higher secondary examination in Physics, Chemistry and Biology & English.
- ii. Based on the total marks obtained in the Competitive entrance examination a merit list shall be prepared.
- iii. Criterion for inter-se ranking for deciding merit of candidates obtaining similar total marks:
 1. Marks obtained in Zoology.
 2. If 1 does not solve the problem then look marks obtained in Botany.
 3. If 1 and 2 do not solve the issue then look for marks obtained in Chemistry.
 4. If after 1,2 and 3 has not solved the issue then consider marks obtained in Physics.
 5. If all above 1,2,3 and 4 has not resolved the issue then consider the date of birth and who so ever is elder will come in merit.
- iv. In order to be eligible for admission to MBBS course for academic year 2012-13, it shall be necessary for a candidate to obtain minimum of marks at the 50th percentile in examination held for the said academic year. However, in respect of candidates with locomotory disability of lower limbs, the minimum marks shall be at 45th percentile.
- v. 3% seats of the annual sanctioned intake capacity shall be filled up by candidates with locomotory disability of lower limbs between 50% to 70%. Provided that in case any seat in this 3% quota remains unfilled on account of unavailability of candidates with locomotory disability of lower limbs between 50% to 70% then any such unfilled seat in this 3% quota shall be filled up by persons with locomotors disability of lower limbs between 40% to 50% - before they are included in the annual sanctioned seats for respective candidates.
- vi. A candidate who has appeared in the qualifying examination, the result of which has not been declared, he may be provisionally permitted to take up the competitive entrance examination and in case of selection for admission to the MBBS course, he/ she shall not be admitted to that course until he/she fulfils the eligibility criteria as under clause-1 above.

Medical Examination:

The selected candidates shall have to undergo medical examination by a Medical Board set up by the HIMSR, consisting of Faculty members of the Institute. If, in the assessment of the Medical Board, a candidate is found medically unfit to be admitted to the course, then he/she will be rejected and not admitted and the decision of the Board shall be final. In that case, in his/her place next candidate in order of merit will be admitted.

Training Period and Time Distribution

1. Every student shall undergo a period of study extending over 4 ½ academic years divided into 9 semesters, (i.e. of 6 months each) from the date of commencement of his study for the subjects comprising the medical curriculum to the date of completion of examination and followed by one year compulsory rotating internship. The period of 4 1/2 years is divided into three phases as follows:-

(a) Phase-I (two semesters)-consisting of Pre-clinical subjects (Human Anatomy, Physiology including Bio-Physics, Biochemistry and introduction to Community Medicine including Humanities). Besides 60 hours for introduction to Community Medicine including Humanities, rest of the time shall be somewhat equally divided between Anatomy and Physiology plus Biochemistry combined (Physiology 2/3 and Biochemistry 1/3)

(b) Phase-II (3 semester) - consisting of para - clinical/clinical subjects.

During this phase teaching of para-clinical and clinical subjects shall be done concurrently.

The para-clinical subjects shall consist of Pathology, Pharmacology, Microbiology, Forensic Medicine including Toxicology and part of Community Medicine.

The clinical subjects shall consist of all these detailed below in Phase III.

- Out of the time for Para-clinical teaching approximately equal time be allotted to Pathology, Pharmacology, Microbiology and Forensic Medicine and Community Medicine combined (1/3 Forensic Medicine and 2/3 Community Medicine).

(c) Phase-III (continuation of study of clinical subjects for seven semesters after passing Phase-1)

The clinical subjects to be taught during Phase II and III are Medicine and its allied specialties, Surgery and its allied specialties, Obstetrics and Gynaecology and Community Medicine. Besides clinical posting as per schedule mentioned herewith, rest of the teaching hours be divided for didactic lectures, demonstrations, seminars, group discussions, etc. in various subjects.

2. The Medicine and its allied specialties training will include General Medicine, Pediatrics, Tuberculosis and Chest, Skin and Sexually Transmitted Diseases, Psychiatry, Radio-diagnosis, Infectious diseases etc. The Surgery and its allied specialties training will include General Surgery, Orthopedics Surgery including Physiotherapy and Rehabilitation, Ophthalmology, Otorhinolaryngology, Anesthesia, Dentistry, Radio-therapy etc. The Obstetrics & Gynecology training will include family medicine, family welfare planning etc.
3. The first 2 semester (approximately 240 teaching days) shall be occupied in the Phase 1 (pre-clinical) subjects and introduction to a broader understanding of the perspectives of medical education leading to delivery of health care. No student shall be permitted to join the Phase II (Para-clinical/clinical) group of subjects until he has passed in all the (Pre-clinical) subjects for which he will be permitted not more than four chances (actual examination), provided four chances are completed in three years from the date of enrollment.

4. After passing pre-clinical subjects, 1 ½ year (3 semesters) shall be devoted to para-clinical subjects. Phase II will be devoted to para-clinical and clinical subjects, along with clinical posting. During clinical phase (Phase III) pre-clinical and para clinical teaching will be integrated into the teaching of clinical subjects where relevant.
5. Didactic lectures should not exceed one third of the time schedule; two third schedule should include practical, clinical or/and group discussions. Learning process should include living experiences, problem oriented approach, case studies and community health care activities.
6. Universities shall organize admission timings and admission process in such a way that teaching in first semester starts by 1st of August each year.
7. Supplementary examination may be conducted within 6 months so that the students who pass can join the main batch and the failed students will have to appear in the subsequent year.

Essentialities for qualifying to appear in professional examinations. The performance in essential components of training are to be assessed, based on:

(1) ATTENDANCE

75% of attendance in a subject for appearing in the examination is compulsory provided he/she has 80% attendance in non lecture teaching i.e. seminars, group discussions, tutorials, demonstrations, practicals, Hospital (Tertiary, Secondary, Primary) postings and bed side clinics, etc.

(2) INTERNAL ASSESSMENT:

- (i) It shall be based on day to day assessment, evaluation of student assignments, preparation for seminars, clinical case presentations etc.:
- (ii) Regular periodical examinations shall be conducted throughout the course.
- (iii) Day to day records will be given importance during internal assessment
- (iv) Weightage for the internal assessment shall be 20% of the total marks in each subject
- (v) Student must secure at least 35% marks of the total marks fixed for internal assessment in a particular subject in order to be eligible to appear in final university examination of that subject

GENERAL INFORMATION AND GUIDELINES FOR ADMISSIONS

1. The applicants are advised to read carefully the contents of this Information Bulletin & Prospectus and familiarize themselves with the relevant rules governing the Admission/Entrance Test of Hamdard Institute of Medical Sciences and Research. They should also check all the eligibility criteria for MBBS programme.
2. University will not be responsible if a candidate is denied admission for not fulfilling the eligibility criteria even if he/she has cleared the Entrance Test and has been issued offer letter for admission to the MBBS programme.
3. All admissions shall be provisional. If any omission / error in the processing / verification of certificates documents of a candidate or not fulfilling eligibility criteria etc. is detected at the time of admissions or thereafter, the University shall have the right to cancel such admission at any time.
4. Displaying merit list of candidates on the website / University notice board and appearing in Entrance Test, issuance of the Admit Card do not confer any right to a candidate to claim admission, if he / she does not fulfill all the eligibility conditions prescribed by Jamia Hamdard for Hamdard Institute of Medical Sciences and Research..
5. Admit Cards will be displayed on the University Website www.jamiahamdard.edu; www.jamiahamdard.ac.in; www.himsr.org and may be downloaded. The University takes no responsibility for any delay in postal transit or non-receipt of Admit Card / Intimation Letter etc. or any other communication related to admission as per regulations.
6. No request for change in address already mentioned in the form will be entertained.
7. The University shall have the right to change / cancel the schedule and venue of the Entrance Examination at any stage.
8. Any amendments, made in the Admission Rules or in the eligibility criteria by MCI from time to time, shall be applicable to applicants seeking admission in the Hamdard Institute of Medical Sciences and Research.
9. If it is discovered at any stage that a candidate has made a false representation or used fraudulent means for admission or that he / she does not fulfill the eligibility requirements, he/she will not be allowed to complete admission formalities and a FIR against the candidate may be lodged. If admission has been granted to such candidate, the same shall be liable to be cancelled at any stage.
10. A vacancy, created due to the cancellation of admission in a manner mentioned above or due to name removal or any other reason, shall be filled up by the candidate on merit basis and as per rules of the University. However, after closing date of admission no vacancy shall be filled.
11. Applicant should satisfy himself / herself that he / she fulfils the eligibility criteria in terms of educational qualifications, age etc.

12. No candidate is allowed to pursue two regular courses simultaneously in one academic year.
13. No employee of any government / public or private sector organization shall be admitted unless he / she submits a Leave Sanction Order with No Objection Certificate from the competent authority ,covering the entire duration of the course to which he / she is seeking admission.
14. The list of selected candidates for admission will be displayed on the University Notice Board and University website. www.jamiahamdard.edu ; www.jamiahamdard.ac.in ; www.himsr.org . It is the responsibility of the candidate to keep himself / herself informed about such notices. The University shall not be responsible if a candidate fails to get information regarding his/her selection for admission.
15. A candidate, not reporting for admission on the date and time as stipulated, shall forfeit his / her claim for admission and no further correspondence in this regard will be entertained.
16. The University may display a waiting list. However, figuring of a name in the waiting list, by itself is not an offer of admission.
17. Candidates not selected for admission shall not be informed. In the event of non-selection, his/her Application Form/ Fees/ Photocopies of the attached certificates/ Documents shall not be returned.
18. A candidate already enrolled in any of the programmes of study / class of Jamia Hamdard will be required to get his/her admission cancelled from the programme he/she is pursuing in this University to be eligible for admission to MBBS programme.
19. Candidates are required to produce the original mark sheets / certificate of qualifying examination and other necessary documents and submit attested copies of the same at the time of reporting for admission, while completing the admission formalities.
20. The applicant is required to fill in the Online/Offline Application Form by himself / herself with correct information.
21. Online /Offline Application Form shall be rejected in case:
 - Application Forms with required processing fee or Photograph received after the last date.
 - Printout of Online Application Forms received without requisite fee.
 - Incomplete information
 - Mutilated form

No further correspondence shall be entertained in this regard. Applicant is advised to ensure that his/her Online /Offline Application Form is correctly filled.

22. The medium of Entrance Test is English.
23. Canvassing for admission in any form by a candidate would lead to rejection of his/her application form.

24. The candidates once admitted shall be governed by the rules and bye- laws of Jamia Hamdard.
25. The ragging is strictly prohibited. Offender will be dealt with according to the prescribed laws in this regard.
 - A. As per direction of the Hon'ble Supreme Court of the India, the Government has banned ragging completely in any form inside and outside the campus and all the HIMSR authorities are determined not to allow any form of ragging. Whosoever directly or indirectly commits, participates in, abates or instigates ragging within or outside any of the campus of HIMSAR shall have an FIR lodged against him/her and he/she will be suspended or rusticated from the institution and shall also be liable to be fined which may extend to Rs. 10,000/-. In case the applicant of admission is found to have indulged in ragging in the past or if it is noticed later that he/she has indulged in ragging, admission can be refused or he/she shall be expelled from the educational institution. The punishment may also include suspension from attending the classes, withholding / withdrawing fellowship / scholarship and other financial benefits or withholding the result.
 - B. The candidates as well as their parents, at the time of admission of the students to the institute, will be required to furnish an undertaking in the form of an affidavit that the candidates will not indulge in any form of ragging.
26. Entire Jamia Hamdard is NO TOBACCO CAMPUS. Smoking in the Campus is an offence.
27. Admission to M.B.B.S. course will be subject to conditions of the Medical council of India.
28. All the matters of dispute shall be subject to Delhi jurisdiction only.

PARENTS / GUARDIANS MAY PLEASE NOTE:

1. Once your ward is admitted to M.B.B.S. programme in HIMSR, Jamia Hamdard, please discuss with him/her the rules and bye-laws governing the programme.
2. To appear in the annual / professional examination, 75% attendance in all the course subjects is compulsory. Please impress upon your ward to communicate his/her attendance to you at the end of each term. Students having less than 75% attendance will not be allowed to appear in the examination.
3. At the end of every academic session, please check the mark-sheet of your ward and acquaint yourself with his/her performance.
4. Parents are advised to visit Jamia Hamdard website <http://www.jamiahamdard.edu>; <http://www.jamiahamdard.ac.in>; <http://www.himsr.org> regularly for important notices etc.

STUDENTS SUPPORT FACILITIES

HIMSR LIBRARY

HIMSR Library is fully equipped to meet the requirement of Medical students and Faculty. The library has books and Journals in all the subjects of Medical Sciences, 3000 books, more than 40 National and International Journals and all the publications of WHO under Global Subscription Package. A separate E-Information and Resource facility is available for both the students and the faculty, each section having 35 computer terminals which can be used simultaneously, provides all the electronic resources.

In addition to HIMSR Library there is HMS Central Library of the University on campus which provided all the facilities of Central Library to HIMSR faculty and students. The Central Library has unique collection of more than one Lakh single titles with multiple copies. The Library subscribes more than 125 print and electronic Journals on all the major disciplines including Medical Sciences.

The Central Library system is fully automated. The complete library collections can be accessed via library link on the university websites, a separate E-Information and E-Resource Centre is being established on the principle of Single Window in the MHS Central Library. It will function as the central access point for all the electronic resources like E-Journals, and Databases, E-Books, E-Thesis, Digitized Manuscripts.

COMPUTER CENTRE

Information Technology has become increasingly crucial to effective acquisition and dissemination of knowledge. Therefore, Computer professionals in Jamia Hamdard are adopting best practices for integrating these technologies in support of teaching and learning. All the faculties, libraries, laboratories located in different buildings as well as HIMSR, Hakeem Abdul Hameed Centenary Hospital and Administrative Block are connected through 1 GB fiber Optic cables. Residential areas are also connected through high-speed RAS ports and modems using existing EPABX. Jamia Hamdard has also become part of National Knowledge Network (NKN) which is an ambitious programme of MHRD under which all the Universities and Institutes of repute are connected through dedicated bandwidth of 1 Gbps. Computer Centre is also providing to its Faculty and staff e-mail services on its domain www.jamiahamdard.ac.in. Centre has hosted 30 high-end Servers to provide different computing services to different segments of the University. Centre has also introduced cutting edge Virtualization technologies to minimize dependents on physical resources. Centre is also working with different Government funding agencies like Department of Biotechnology (DBT), Government of India; Department of Science and Technology (DST) and has established high end computing Labs (BIF) with their assistance for research and teaching purposes for PG students, research scholars and teachers. www.jamiahamdard.edu is official website of the University. Apart from that Centre is also maintaining www.himsr.org for its upcoming Medical College. The Library system has been fully automated by using Standard Edition of LibSys Software (Version 4 Release 5), LibSys 4 is now being replaced by highly user friendly and web centric LibSys 7. All relevant information regarding courses, eligibility and admission process etc. are updated regularly. Centre is engaged in teaching and training assignments for students, staff and faculty of Jamia Hamdard. Recently video-conferencing was introduced to facilitate knowledge dissemination and research. Computer Centre, Jamia Hamdard is in collaboration with CISCO, which is a world renowned networking company, conducting CCNA Networking Programme at its premises for internal as well as external students.

UNIVERSITY WEBSITE:

<http://www.jamiahamdard.edu> ; <http://www.jamiahamdard.ac.in> ; <http://www.himsr.org> is the main resource of information about the University. Starting with the announcement of the admission, merit list / list of short listed candidates, regular notices are uploaded on the website.

HAMDARD CONVENTION CENTRE

HIMSR being part of Jamia Hamdard has free access to beautifully designed and centrally air-conditioned Convention Centre which has attracted scholars, researchers and organizations from all over the world. It is elegantly furnished and provided with all the modern amenities for organizing seminars, conferences, meetings and lectures.

HOSTELS

Hamdard Institute of Medical Sciences and Research has furnished , double seated rooms in both, boys' and girls' hostels. These Hostels also have very good gymnasium, indoor games, reading & recreation rooms. The hostels are:

1. Ibn-e-Batuta, Boys' Hostel
2. Annemarie Schimmel, Girls' Hostel

Annual hostel charges are payable in advance at the time of allotment.

It will be incumbent upon the student admitted to the hostel to join the mess and pay mess charges for three months in advance at the rates prescribed from time to time. Mess charges may be revised at any time due to escalation in the prices of food items. The Hostel mess will be managed on co-operative basis under the supervision of hostel authorities, on no profit-no loss basis. The University will provide infrastructural facilities and the manpower required to operate the mess. Availing of the Mess will be compulsory for the allottees of HIMSR Hostels w.e.f. July/August 2012.

Washing clothes inside the hostel premises is not allowed. University has made arrangement of mechanical laundry for washing 50 clothes per month for hostel inmates at a nominal rate. The Hostel inmates will be required to comply with the rules and regulations as per HIMSR , Jamia Hamdard Hostel

SPORTS AND CULTURAL ACTIVITIES

Jamia Hamdard has well equipped gymnasium in both boys and girls hostel there are two indoor badminton courts in the main gymnasium building. Billiard table in boys' hostel, table-tennis tables in both girls and boys hostels. There are playgrounds for cricket, football and volleyball.

STUDENTS AID FUND

The University has allocated some amount as Students Aid Fund which is meant for financial help to the needy students. A student, whose parents/guardians have income of less than Rs.15,000/- per month along with his/her satisfactory performance as per University rules at examinations conducted by Jamia Hamdard is eligible for applying for the assistance from this fund.

INCOMPLETE APPLICATION FORMS OR WITH FALSE INFORMATION ARE LIABLE TO BE REJECTED

IMPORTANT INSTRUCTIONS REGARDING ENTRANCE TEST PAPER

The test papers, where ever applicable will comprise of Multiple Choice Questions (MCQs). Each question shall have four alternative probable responses (A, B, C & D) and the candidates will be expected to identify the correct/most appropriate one. A separate Answer Sheet shall be provided together with the question paper. Out of the four circles given in the Answer Sheet for each question, only one must be filled in by the candidate using black ball point pen only. The circle selected for answer has to be filled completely. The candidates should not put any other mark such as a cross or a tick or a dot etc. inside the circle or elsewhere.

The Roll Number, Desk Slip, Question booklet and OMR Answer Sheet will carry identical number. Candidate must insure this.

The evaluation of the OMR Answer Sheets is computerized. There will be no negative marking.

- ✚ In the Answer Sheet, space has been provided for Roll Number and Paper Code. Candidates must write their Roll Number, communicated to them in the Admit Card, in the space provided for in the Answer Sheet.
- ✚ For each digit of Roll No., including the zeros, separate box space has been provided. Paper Code has to be written in the space provided for. For each digit of Paper Code, separate box space has been provided.
- ✚ e.g. Roll No. 77009 and MBBS Course which will be written as under:

Roll No					Paper Code		
7	7	0	0	9	8	0	0

For every question, there are four responses. Only one of them will be correct. Fill only one circle out of the four. e.g. if you consider 'C' as correct. Example

<input type="radio"/> A	<input type="radio"/> B	<input checked="" type="radio"/> C	<input type="radio"/> D
-------------------------	-------------------------	------------------------------------	-------------------------

Do not make any stray marks on the Answer Sheet.

MOBILES AND OTHER ELECTRONIC GADGETS ARE STRICTLY NOT ALLOWED INSIDE TEST CENTRE

DECLARATION OF SELECTION LIST

1. List of candidates who will be selected for admission to MBBS study will be displayed on the University Notice Board and the website of the University: www.jamiahamdard.edu. Last dates given for completion of admission are strictly observed. The University will not be responsible in case a candidate fails to get information about his/her selection. It is the responsibility of the candidate to keep himself / herself informed about such notice on the Notice Board/website.
2. A candidate who does not report for admission on the given date and time as mentioned in the selection lists, will forfeit his/her chance and the offer of admission will be given to the next candidate in the merit.
3. Candidates not selected for admission shall not be informed about their non-selection. Their applications for admission and the fees/attested certificates/ documents submitted by them shall not be returned.
4. Telephonic enquiry about results will not be entertained.

COMPLETION OF ADMISSION

The candidates selected for admission will have to report in person to the Dean/ Head of the respective faculty/ department as mentioned in the selection list with all original documents along with their attested copies, obtain an authority slip from there and deposit the prescribed fee in the Accounts Section of Jamia Hamdard located in the Faculty of Science building. The fee is to be paid in the form of a crossed Demand Draft drawn in favour of 'Jamia Hamdard' payable at New Delhi. No selected candidate shall be allowed to complete admission without producing original certificates and mark- sheets at the time of reporting for admission.

Rules for withdrawal of Admission before and after closure of admission will strictly be followed and fees will be refunded as per rules of the University only.
