## SPECIFICATIONS FOR ELISA PLATE READER - 01

- 1. ELISA plate reader with four standard filters included with 700 nm Optical Filter
- 2. Filters 405 nm, 450 nm, 492 nm and 630 nm
- 3. Capacity 8 filters
- 4. Measurement method Single wavelength, dual wave length, two points method, dynamic assay, multiple wavelength
- 5. Measurement range- 0.000 4.500 abs
- 6. Resolution 0.0001A
- 7. Linearity  $\pm$  0.5% or < 0.025 A
- 8. Row and column difference < 0.01A
- 9. Additional complementary filters 412 nm, 535 nm and 660 nm
- 10. No additional installation charges
- 11. With power backup (UPS) for minimum 15 min
- 12. Warranty 3 years
