

# HAMDARD UNIVERSITY, New Delhi

## SECURES "TOP RANKING"

ADVT.

In the first ever National Ranking of Higher Education Institutes, **Jamia Hamdard** secured "**Top Ranking**" in pharmacy and university category. The rankings were released by the Hon'ble Minister of Human Resource Development Smt. Smriti Zubin Irani in a function organised at Vignyan Bhawan, New Delhi.

Jamia Hamdard **ranked 3rd in pharmacy** among 454 pharmacy institutes, besides faring well in over all university ranking also, as it got a **rank of 18** among 233 universities registered for ranking.

Jamia Hamdard is currently progressing under the dynamic leadership of renowned scientist Dr. G. N. Qazi, Vice Chancellor, who has established Hamdard Institute of Medical Sciences & Research (HIMSR) with great emphasis on research and healthcare education. Aimed at furthering its scope in the life sciences and health domains and providing quality healthcare at an affordable cost, HIMSR is an ambitious project of Jamia Hamdard in line with the

vision of its founders, fulfilling the dream of Hakeem Abdul Hameed. Dr. Fidous A. Wani, Registrar, also played a crucial role in establishing the Institute and taking Jamia Hamdard forward in line with the philosophy of Hamdard.

Jamia Hamdard is one of the few universities in India, which has established on-campus active international and national industry-managed R&D and training centres such as Sun Pharma (formerly Ranbaxy) managed Clinical Pharmacy Unit, Hilleman Labs managed vaccine research centre and BD Biosciences managed BD-JH FACS Academy for training and research in flow cytometry.

Jamia Hamdard also takes great pride in being one of the few Universities in India which has an Intellectual Property Management Cell (IPMC) to facilitate patenting by the faculty and research scholars, and has a Research and Publication Ethics Committee which handles cases of research misconduct. Further, good number of scholarships at P.G. & Ph.D level has been instituted by Jamia Hamdard for meritorious students to motivate them for quality research.
