

**BIF Centre Report, 2024-25**  
**Jamia Hamdard**

1. **Name of the Centre:** Bioinformatics (BIF) Centre, Jamia Hamdard
2. **Area of specialization:** Drug discovery, Bioinformatics, Network Biology, Systems biology
3. **Areas of specific research**  
  
Identification of druggable targets (genes/proteins) and candidate drugs; elucidation of human disease and drug mechanisms, *in silico* natural products research, drug design and discovery

**4. Capacity building, 2024-25**

- (1) 11<sup>th</sup> Bioinformatics Workshop on Use of Molecular Simulations in Biological Research, conducted during November 25-27, 2024.
- (2) 10<sup>th</sup> Bioinformatics Workshop on Molecular Docking and Molecular Dynamics Simulation conducted during January 18-19, 2025.

**5. Manpower trained in current financial year**

- 1) PhD Thesis (Submitted, 2024): 01
- 2) PhD Scholars (Currently working): 03
- 3) Practice school training (SPER, 8<sup>th</sup> Semester Project): 03
- 4) Currently working for their practice school project: 02
- 5) Dissertation (PG Semester IV students): 01
- 6) Dissertation (UG): 07
- 7) M. Pharm. Thesis (Completed): 01

**6. Research Paper published in National/ International Journals**

- 1) Naziya Neshat, Zeeshan Hashmi, Rakibul Islam, Shams Aaghaz, Subham Das, Kalicharn Sharma, Mohd.
