SCHOOL OF PHARMACEUTICAL EDUCATION & RESEARCH

Name of the Dean: Prof. Vidhu Aeri (till 27.5.2023) & Prof. Farhan Jalees Ahmad (w.e.f. 28.5.2023)

The School of Pharmaceutical Education & Research (SPER), formerly known as Faculty of Pharmacy, which was established in 1972 as Hamdard College of Pharmacy, is one of the most prestigious institutions of Pharmaceutical Education in India with global standards and has been ranked as No. 1 institution as per the National Institutions Ranking Framework (NIRF) -2019, 2020, 2021, 2022 and No. 2 in 2023, announced by the Ministry of Education, Govt. of India. The School recently celebrated its Golden Jubilee of existence. The School is approved and recognized by All India Council of Technical Education (AICTE) and Pharmacy Council of India (PCI). The SPER continues to build on its rich history and tradition of excellence by offering quality Pharmacy education in India.

The School offers Undergraduate (D. Pharm. & B. Pharm.), Postgraduate (M. Pharm. in Pharmaceutics, Pharmaceutical Chemistry, Pharmacology, Pharmacognosy, Pharmaceutical Quality Assurance, Pharmaceutical Analysis, Pharmacy Practice and Pharmaceutical Biotechnology) and Doctoral programmes in various disciplines (Pharmaceutics, Pharmaceutics with specialization in Pharmaceutical Quality Assurance, Pharmaceutical Chemistry, Pharmaceutical Chemistry with specialization in Pharmaceutical Analysis, Pharmacology, Pharmacology with specialization in Pharmaceutical Medicine, Pharmacognosy and Phytochemistry, Pharmacognosy and Phytochemistry with specialization in Pharmaceutical Biotechnology).

The School is a powerhouse of academic and research excellence in the field of Pharmaceutical Sciences. Modern infrastructure coupled with seasoned faculty has been instrumental in providing world class pharmacy professionals to industry, academia and research based institutions across the world. The school has collaborations with cademic and research institutions as well as pharmaceutical industries.

Industry sponsored projects are also being executed for companies like Sun Pharma, Dabur Research Foundation, Jubilant Life Sciences, AIMIL Pharmaceuticals, Dolphin International, Fermish Clinical Technology, GBC, Beijing, China and Ultimax Health, USA, etc.

Name of the Departments under the School

- 1. Department of Pharmaceutics
- 2. Department of Pharmaceutical Chemistry,
- 3. Department of Pharmacology and
- 4. Department of Pharmacognosy and Phytochemistry

The Department of Pharmaceutics offers two Master's degree programs in Pharmaceutics and Pharmaceutical Quality Assurance and a Ph.D. in Pharmaceutics. The students qualifying these courses meet the current and future requirements of R&D personnel of the Pharmaceutical Industry, academia, regulatory and marketing. The research thrust areas of the department includes oral bioavailability enhancement using polymer and lipid-based approaches, transdermal drug delivery system, ocular drug delivery systems using polymeric and lipid carriers, targeted nanoparticles for brain and tumor targeting, intranasal drug delivery systems for CNS disorders, biodegradable targeted retention devices for periodontal infections, herbal drug delivery systems for psoriasis, acne and vitiligo, transmucosal drug delivery systems for proteins and antihypertensive agents. The department lays emphasis on integrated research approach on modern and indigenous drugs and their formulations. The department is well equipped, funded by various funding agencies and also supported under UGC-SAP and DST-FIST programs.

A separate Pharmacy Block named CARPS (Centre for advance Research in Pharmaceutical Sciences) dedicated to research in advanced fields of Formulation Research and Nanomedicine, Neurobehavioral Pharmacology, Microbial and Pharmaceutical Biotechnology, Bioactive Natural Products, Drug Design and Medicinal Chemistry with

Central Instrumentation Facility (CIF)

The school has a well-established Central Instrumentation Facility (CIF) having variety of modern and sophisticated instruments like Cryogenic Transmission Electron Microscope (TEM), LC-MS, NMR (400 MHz), HPLC, HPTLC, DSC, UV-Visible Spectrophotometer, FT-IR etc. Facility for interdisciplinary research namely Flow Cytometry, Confocal Microscopy, Western Blot Analysis and Electrophoresis, Wet Lab Synthesis, Microwave-assisted Organic Synthesis (MAOS) are also available.

SCHOOL OF ENGINEERING SCIENCES & TECHNOLOGY

Prof. M. Afshar Alam (till 10.09.2023) & (Prof. Farheen Siddiqui) (w.e.f. 11.09.2023)

The Department of Computer Science & Engineering in the School of Engineering Sciences & Technology started in 1997, and it has grown now into a vibrant center of teaching and research. The Department not only offers Under Graduate (UG) and Post Graduate (PG) Programmes in Computer Science & Engineering/Computer Application/IT/ECE/Data Science/Cyber Forensics & Information Security but is also engaged in high-quality research activities leading to Ph.D. degree in different thrust areas of computer science and engineering and interdisciplinary areas viz. Big Data, Soft Computing, IoT, Neural Network, Artificial Intelligence, Fuzzy Logic, Software Engineering, Data Mining, Information Security, Cyber laws, Cyber Forensics, Computer Architecture, Graph Theory, Computer Networks, Distributed System, Discrete Structure, Robotics, Machine Intelligence, Telecommunication, Mobile Computing, DBMS, Algorithms, VLSI Design etc. to list a few. Department has made a lot of contributions towards these areas in the form of publications in journals/conference-proceedings/books/sponsored research and collaboration with the industry.

The department has a huge infrastructure to provide facilities to our students. The department has several smart cluster rooms fully equipped with state of art of technology. It also has 2 computer labs with the latest PCs having an i5 processor with 8 GB RAM and 1 TB storage. The computer lab is fully equipped with the latest Open-Source Software as per our curriculum requirement running on Ubuntu OS. Several PC's in Computer Lab at 1st floor runs on Windows OS having required software for academics. The Department also has a Research Lab (2nd Floor, Department of CSE) for our Ph.D. students. These labs are fully equipped with Air Conditioning and CCTV cameras have been installed too. The Department has 1 Conference Room with a seating capacity of more than 100 for conducting departmental meetings and student seminars. In ECE domain, we have basic and advanced Electronics & Communication Labs according to the required curriculum. These labs include Analog & Digital Labs, Embedded Systems Lab, FPGA Development kits, DSP Lab, Satellite & Microwave Lab, Digital Design Lab etc. The ECE labs have software as per the academic curriculum and these labs are equipped with updated and advanced instruments.

The department has a pool of highly qualified teachers and technical staff members as per UGC/AICTE norms. Several teachers of the department have been awarded/granted National and International patents. The vibrancy of research programs at the department is accentuated by the high - quality publications including books, book chapters, scientific papers and research articles in highly reputed indexed journals with indexing services like SCI, SCIE, SCOPUS and Springer. In addition, Research projects from several govt. agencies like UGC, DST, DBT, DIT, AICTE are to the credit of the faculty members. The department also has an Entrepreneurship cell (E-cell) which motivates the students to think about innovations in day-to-day life. To sensitize students of the department about societal issues related to women, it has an active Women-cell which conducts activities related to women and girl students. An Institution Innovation cell approved by the MHRD's Innovation Cell, Govt. of India has been bestowed upon to the institution. The Department has been recognized by the Department of Science and Technology with a grant approved under the FIST scheme.

Ninety-six (55) students passed out from the Department got placements in various companies such as, HCL, TCS-Ninja, TCD-Digital, IBM, NewGen, RMSI, Winfify Software Pvt. Ltd, DRDO, Wipro, Accenture, DRDO, Deloitte, etc.

DEPARTMENT OF COMPUTER CENTRE Hakeem Abdul Hameed Centre for Information Technology

Introduction : A Journey of Milestones and Transformations

Inception and Growth

- Established in 1997 as a foundational pillar of Jamia Hamdard's technological advancement.
- Started with accouple of computers and gradually expanded to accommodate over a thousand desktops and laptops for end users.

Networking Evolution

- Transition from dial-up network connections to faster and more reliable network speeds.
- Progressed from 2 Mbps to 10 Mbps, and currently operates at a remarkable 1000 Mbps + 100 Mbps bandwidth.
- Upgraded mailing services from a limited space of 50 MB to a spacious 100 GB, catering to growing user demands.

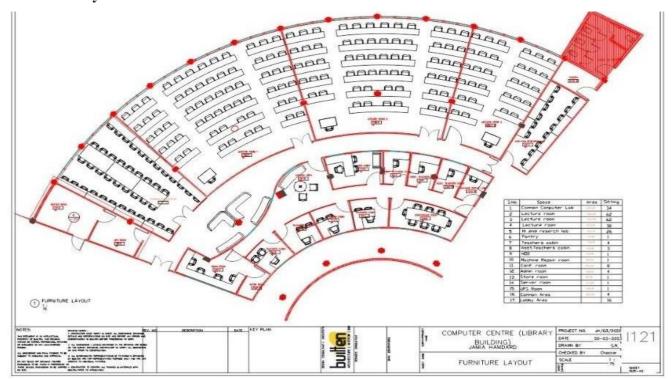

Infrastructure Advancements

- Transformed from tabletop arrangements to a state-of-the-art 3-tier Data Centre, ensuring optimal performance and security.
- Evolved from a LAN with 100 Mbps to a high-speed LAN upto 10 Gbps capacity.
- Implemented managed Layer 3 switches at the network edges, enhancing network efficiency and control.

Server Virtualization and Optimization

- Consolidated physical servers from 28 to just 8, while providing a total of 42 virtual servers.
- Pioneered the virtualization of the Data Centre over a decade ago, an exceptional achievement in a University environment.
- Streamlined software operations by transitioning from independent modules operating in silos to a comprehensive Integrated University Management System (UMS).

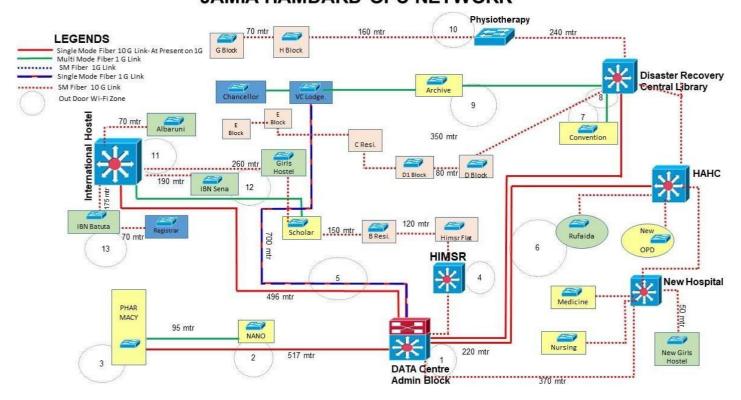

HAH-CIT Layout Plan

Networking Infrastructure

HAH-CIT Labs

JAMIA HAMDARD OFC NETWORK

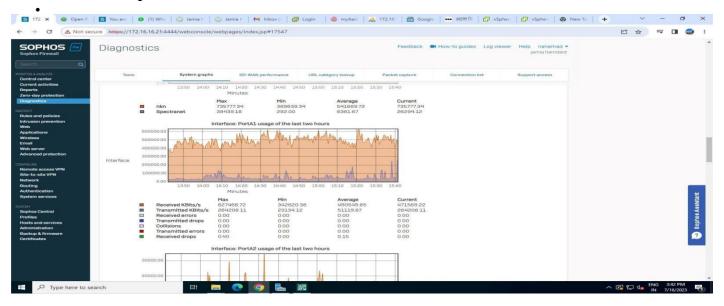

Security Systems

- Fire wall, other devices
- Bit defender Antivirus for End User
- Trend Micro Deep Security Antivirus for Server

Internet Connectivity

- 1 GBPS NKN Connectivity
- 200 MBPS Spectra net

SCHOOL OF INTERDISCIPLINARY SCIENCES AND TECHNOLOGY

Prof. Farhan Jalees Ahmad (till 27.05.2023) & Prof. Suhel Parvez (w.e.f. 28.05.2023)

The School of Interdisciplinary Sciences and Technology (SIST) promotes education and research in interdisciplinary sciences and provides opportunities to researchers and academicians to interact with the faculty and students of other schools of Jamia Hamdard and carry out research in interdisciplinary areas as well as promote opportunities for higher education in identified areas. The school is running two departments namely Department of Food Technology (DOFT) and Department of Molecular Medicine (DMM). The school is currently offering B. Tech. and M Tech. in Food Technology; MSc in Nutrition and Dietetics, Biomedical Science (MBS) and Medical Virology; Ph. D. in Food Technology, and Molecular Medicine. DMM will be offering a new B.Sc. course (integrated) in Biomedical Science (BMS) from Academic Year 2024-25 with an opportunity to transition to the M.Sc. programme in MBS. SIST has entered into collaboration with URDIP (CSIR), Pune and has established a very strong Ph.D. program in the area of Bioinformatics in place. School is offering unique programs like Ph.D. in Interdisciplinary Sciences in which candidates can register with any of the eligible supervisor of university irrespective of department, however Ph.D. will be awarded to the candidate through SIST from the department in which he/she is eligible for getting Ph.D. admission as well as Ph.D. in Traditional Indian Medicine from Center of Excellence in Unani Medicine.

SCHOOL OF MANAGEMENT AND BUSINESS STUDIES

Prof. Reshma Nasreen

Management education was introduced in Jamia Hamdard in the year 1998. Since then, it has become one of the important units of the University. The School of Management & Business Studies (SMBS) has three departments namely, Department of Management, Department of Healthcare & Pharmaceutical Management and Department of Hotel Management and Catering Technology. Today more than 1200 students are enrolled in the school for various PG and UG courses. Owing to the core competencies of the faculty, the school has made a name for itself, both among industry erudite and intelligentsia.

The teaching pedagogy employed in SMBS is a combination of theoretical concept with practical application. The school is well endowed with intellectual capital and field experience with both senior and young faculty members who have plenty of research experience behind them and extensive industry experience in the domain of Management specializations like Marketing, Finance, Human Resources, Operations Management, International Business and Entrepreneurship, Public Health, Healthcare Management, Pharmaceutical Management, Hotel management, Commerce, Supply Chain Management etc.

Placement/Internships activities are coordinated by a placement cell headed by, Training and Placement Officer, comprising of selected student representatives and faculty members. This includes both summer internship as well as final placement.

It is ranked 78 Business Schools in the country as per the NIRF Survey of the Ministry

SCHOOL OF UNANI MEDICAL EDUCATION AND RESEARCH

Prof. Suhail Fatima (upto 18.06.2023) & Prof. Asim Ali Khan (from 19.06.2023 onwards)

School of Unani Medical Education and Research (SUMER), earlier known as Jamia Tibbia, was establishedin 1935 at Gali Qasim Jaan, Delhi and later on adopted by Hamdard Dawakhana in 1963. It was shifted to Hamdard Nagar Campus in 1980 and named as Hamdard Tibbi College under University of Delhi. After the establishment of Jamia Hamdard in 1989, it was merged with the University. It is one of the pioneer institutes of Unani education and research in India.

Presently, the School runs an undergraduate course (BUMS), and a postgraduate course (M.D. Unani) in three disciplines of Unani Medicine i.e. Ilmul Advia, Moalajat and Tahaffuzi Wa Samaji Tibb. The school also runs two short term courses (i) a one-year course Pre-Tibb and (ii) a two- year course Diploma in Unani Pharmacy. It has fourteen departments and an associated, well- established teaching hospital namely Majeedia Unani Hospital.

In consonance with the ethos of Hamdard, School of Unani Medical Education and Research (SUMER) bestows the students with all resources required to become competent, compassionate, morally and socially responsible participants in the healthcare delivery system of the society. SUMER is committed to adopt the NEP-2020 -an initiative of MoE, Govt. of India by adopting SWAYAM-MOOCS and Credit Based learning for interdisciplinary knowledge exchange.

The School has made notable strides in the promotion and propagation of the glory of Unani Medicine nationally and internationally, for which the school has already collaborated with many national and global institutes of repute.

The School has been actively involved in research for last three decades. With the school's focus on integrative research and adoption of interdisciplinary approach, Jamia Hamdard provides an excellent setting in which academicians, physicians and researchers from different schools present a joint approach for the development of evidence-based scientific data generation, the growing need of the hour for traditional medical science. The dissemination of such scientific knowledge has been regularly carried out through conferences, seminars, webinars, symposia and publications in national and international journals.

VISION

- To become the institutional leader of Unani system of medicine in spheres of education, research andhealthcare, nationally and internationally.
- Transformation and upgradation of Unani system of medicine as an evidence-based medicine throughintegration of modern science and technology with a concerted effort at the conservation of traditionalknowledge.
- Significant and positive contribution of Unani medicine as means of safe and effective health care system.

MISSION

- To produce top-notch professionals who have a zeal for perpetual learning and are capable of performing well in diverse professional and cultural settings.
- To provide state of art facilities to conduct evidence-based research in Unani Medicine for generation of new knowledge, SOP's and treatment modalities so as to make the Unani system universally accepted traditional system of medicine.
- To provide students with all the tools required to successfully take on the world, endeavor to instill in them a healthy cultural rootedness that combines the best of traditional values with modern and progressive sensibilities
- To collaborate with many reputed institutes of national and international importance for promotion and endorsement of the Unani system of Medicine as well as for strengthening and amplifying the academic relationships nationally as well as globally for mutual benefits.

SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

Professor Ajay Kumar Singh

The School of Humanities and Social Sciences offers programs in humanities and social sciences. The School consists of the Department of Islamic Studies, Center for Federal Studies, Public Policies and Governance, Department of Human Rights and Hamdard Institute of International Studies. The school has gradually emerged as one of important centres of knowledge offering critical studies in the different dimension of human sciences of knowledge. Its strength lies in the promotion of interface studies across disciplines.

Department of Islamic Studies

This is one of the oldest departments set up by the late Founder-Chancellor, Janab Hakeem Abdul Hameed Saheb, which later provided the base for establishing Jamia Hamdard in 1989. The department is widely known for its original contributions in the fields of Islamic Studies. It offers B.A. (Hons.), M.A. and Ph.D. programmes. The B.A. (Hons.) and M.A. programmes have been designed to help students to specialize in the domains of Islamic Sciences of Knowledge, besides promotion of interdisciplinary understanding especially in the fields of social sciences. The purpose is to give a thorough knowledge of contemporary subjects such as Sociology, Political Science, Economics, Islamic Economics, Banking and Finance, Computer Applications, Arabic and English languages and core subjects like Quranic Sciences, Principles of hadith, various civilization and dynasties etc. The main thrust of research in the Department is in the areas which have critical relevance to the contemporary Muslim world with special reference to Indian Muslims.

Centre for Federal Studies, Public Policies And Governance

The Centre, formally Established in 1993, is a member centre of the prestigious International Association of Centers for Federal Studies (IACFS), exclusively dedicated to advance studies, research and teachings on the dimensionalities of federal studies, public policy and governance in national and international perspectives. Committed to advance alternative paradigms of knowledge relevant to the academic trajectories of social sciences in 21st century. Dedicated to promote inter/multidisciplinary research and teachings in the applied domain of social/human sciences. Internationally known for its original studies in the fields of federal studies, public policy & governance. Widely known for reorienting contemporary debates on Indian federalism, policies and politics. Centre has been part of almost all major global projects on federalism/federal studies. Centre is unconventional in nature and scientific in temperament bridging the traditional divide between natural sciences and social sciences.

Department of Political Science and Human Rights

The M.A. in Human Rights is the reputed flagship programmes of Jamia Hamdard, which equally evinces interest of foreign students and Indian students. Human Rights discipline currently is in great demand across the world. It is attracting student's not only Indian but also foreign students in large number. The Department is an exclusively dedicated to advance studies, research and teaching on the human rights, its thematic and area studies encompassing its issues and challenges which is confronted by every human being in day-to-day life. The research in human rights promotes of intra-disciplinary and cross-fertilization of ideas in the applied domain of social human sciences. The thrust area is on scientific and applied inquiries while breaking the barriers of stereotypes and tradition—ridden research. The broad objective of the department and the programme of study is to develop critical understanding of United Nations bodies, international, national and regional mechanisms and other professional bodies dealing with human rights. Its related thematic issues and challenges include sustainable development, Environment, human rights law and humanitarian law.

Hamdard Institue of International Studies:

Established in 2021, Hamdard Institute of International Studies is dedicated to advance knowledge and understanding of world affairs, international politics, international relations, security, trade and developmental issues through cutting-edge research in interdisciplinary and applied fields. Overall, the department aims to prepare students for a career in academics, foreign services, international organizations and think-tanks.

23. Students achievements

A. Co-curricular and extra-curricular activities (excellence in co-curricular, extracurricular and sports activities outside Jamia Hamdard):

Nine students of the Department of Occupational Therapy participated in Quiz, Singing and Skit competitions outside Jamia Hamdard.

b. Student Placements (list of companies/organizations visited for campus placement from April 1, 2023, to March 31, 2024:-

Five students of the Occupational Therapy got placement in institutions such as, Mind Meadow, Continue Kids, SOCH and Creative Minds with the salary ranging from Rs. 3.60 lacs to Rs. 4.20 lacs per annum.

HAMDARD INSTITUTE OF MEDICAL SCIENCES & RESEARCH (HIMSR)

Dean: Prof. Khaja M. Naseeruddin

The Hamdard Institute of Medical Sciences and Research (HIMSR) was established by the Jamia Hamdard. The application for the establishment of a new medical college (with an initial intake of 100 MBBS seats) was made by the Jamia Hamdard, New Delhi to the then Medical Council of India on 27th Sept 2010 after obtaining essentiality certificate and NOC from the Govt. of NCT of Delhi for the establishment of a new Medical College in the name of HIMSR by Jamia Hamdard through letter dated 15th Sept 2010. The Letter of Permission (LoP) was issued by the MCI in favour of Jamia Hamdard for the establishment of a new Medical College in the name and style of 'Hamdard Institute of Medical Sciences and Research' by Jamia Hamdard through letter dated 29th June 2012. The number of MBBS seats was increased to 150 with the permission of the National Medical Commission through Letter of Permission (LoP) dated 3.1.2022 in favour of HIMSR, Jamia Hamdard, New Delhi.

The MBBS Degree awarded by the Jamia Hamdard (Hamdard University), New Delhi in respect of students being trained at Hamdard Institute of Medical Sciences and Research has been recognized Medical Qualification by the Government of India, Ministry of Health and Family Welfare on or after December, 2016 through Gazette Notification dated 30th May 2018. The MD/MS programmes were started from the academic year 2017-18 onwards. The Hakeem Abdul Hameed Centenary Hospital, a 720 bedded hospital is attached to the Hamdard Institute of Medical Sciences and Research.

The School got the following Departments:-

- 1. Department of Physiology, HIMSR
- 2. Department of Biochemistry, HIMSR
- 3. Department of Pharmacology, HIMSR
- 4. Department of Anatomy, HIMSR
- 5. Department of Pathology, HIMSR
- 6. Department of Microbiology, HIMSR
- 7. Department of Community Medicine, HIMSR
- 8. Department of General Medicine, HIMSR
- 9. Department of Dermatology, Venereology & Leprology, HIMSR
- 10. Department of Psychiatry, HIMSR
- 11. Department of Paediatrics, HIMSR
- 12. Department of Surgery, HIMSR
- 13. Department of Orthopaedics, HIMSR
- 14. Department of Ophthalmology, HIMSR
- 15. Department of Otorhinolaryngology, HIMSR
- 16. Department of Obst. & Gynechology, HIMSR
- 17. Department of Anesthesiology, HIMSR
- 18. Department of Radiodiagnosis, HIMSR
- 19. Department of Dentistry, HIMSR
- 20. Department of Respiratory Medicine

In the Hamdard Institute of Medical Sciences, the following courses are being offered:-

1.	Bachelor of Medicine and Bachelor of Surgery (MBBS)	-	150 seats
2.	MS Anatomy – PG Programme	-	03 seats
3.	M.Sc. Anatomy - PG Programme	-	08 seats
4.	PhD Physiology	-	08 seats
5.	M.D Biochemistry – PG Programme	-	02 seats
6.	M.Sc. Medical Biochemistry – PG Programme	-	08 seats
7.	PhD – Medical Biochemistry	-	04 seats
8.	MD Pathology – PG Programme	-	03 seats
9.	MD Pharmacology – PG Programme	-	04 seats
10.	M.Sc. Pharmacology – PG Programme	-	05 seats
11.	Ph.D Pharmacology	-	03 seats
12.	MS ENT – PG Programme	-	02 seats

SCHOOL OF CHEMICAL AND LIFE SCIENCES

Prof. S. Raisuddin

The School has been in existence (as Faculty of Science) since the formative days of Jamia Hamdard when it was granted status of a "Deemed to be University". Teaching activities commenced from the session 1994-95 with post-graduate (PG) programmes. Currently, the School consists of five Departments and a Centre for Translational and Clinical Research. The School offers Doctoral, Post Graduate and Graduate programs of study in the area of Biological and Chemical Sciences. Postdoctoral fellows are also part of the School and most of them avail prestigious fellowships of extramural funding agency. There is a special Research Centre – Centre for Transgenic Plant Development for research on transgenic verities of plants with special focus on medicinal plants. Sophisticated research instruments are housed in the Central Instrumentation Facility (CIF).

Vision: We aspire to become an outstanding academic destination to promote excellence in chemical, life, clinical and translational science education and research by enhancing knowledge and skills pertaining to social and public policy relevance.

Mission: To inspire and empower students of different streams of science by providing them an innovative learning and training experience that prepares them to thrive in a dynamic and demanding world; To improve life by stimulating scientific discovery and solving critical problems at the intersection of the life sciences, chemistry, environment, human health and society; To apply the knowledge generated in classrooms and laboratories to the field and society for betterment of quality of life, agricultural output, human and environmental health research instruments are housed in the Central Instrumentation Facility (CIF).

The School has the following Departments:

- Department of Botany
- Department of Biochemistry
- Department of Biotechnology
- Department of Chemistry
- Department of Medical Elementology and Toxicology
- Department of Translational Sciences and Clinical Research

CENTRE FOR DISTANCE AND ONLINE EDUCATION

(Prof. Mahmooduz Zafar, Officiating Director)

The School of Open and Distance Learning (SODL) of Jamia Hamdard now been renamed as the Centre for Distance and Online Education (CDOE) was established in the year 2004, offering various undergraduate and postgraduate diploma programmes. Major objective of the CDOE has been to provide access to higher education to those who are not able to draw benefits from the formal system of education. The open and distance learning system allows a learner to determine his/her pace of learning.

THE MANDATE

Open Distance Learning (ODL) mode of education has been recognized as one of the effective tools of educationally empowering those sections of the society, which could not afford to join the formal on campus education due to various reasons. As a result, it is an effective tool for non- formal education. Presently, ODL institutions are not only imparting education as an alternative to the formal system but also making effective contribution in areas, such a vocational and technical education and even in high technology-based education. The distance education also has potential to reach to the un-reached and even marginalized and excluded groups of the society such as tribal populations and Muslim women. Open and distance education provides an opportunity to students for acquiring new knowledge and skills that are needed for their development. Jamia Hamdard being in education for a long time has taken initiatives to offer an opportunity to those students who are unable to get oncampus education and those who have limited access to educational resources, the flexible and innovative methods of education of Open and Distance Learning system ensures 'independent learning' to anyone, anytime and anywhere. The ODL Programmes of Jamia Hamdard also envisages providing an opportunity to girls from Muslim community, who by and large has been left out by the national educational endeavors. These programmes are selective and customized to meet the learning requirements of knowledge seekers as well as to ensure that they learn at their own pace and convenience. Within the financial means of University, due care has been taken to keep the cost of education low, so that educationally backward sections can take advantage of University's programmes through ODL mode. This goal in view, the CDOE of Jamia Hamdard has made concerted efforts to offer professional and job-oriented courses with regular updates of curricula and study material and introduction of tools of Information Technology.

Jamia Hamdard Accreditation & Ranking

NAAC Accreditation

Jamia Hamdard was the first higher education institution (HEI) in the national capital region (NCR) which was accredited by the NAAC accreditation in 2003, thus testifying the quality consciousness of the then leadership of the institution. It has been ranked in 'A' grade in its first all the three cycles and-in recognition of its academic excellence and related achievements, Jamia Hamdard has been accredited with an 'A+' Grade by the National Accreditation and Assessment Council (NAAC) in its 4th cycle with CGPA 3.41. Its accreditation status is matched by the ranking in the National Institutional Framework Ranking (NIRF). It has the distinction of being ranked No. 1 in 'Pharmacy' category for four consecutive cycles (NIRF2019-2022) and again in 2024. Not only NIRF, for last many years Jamia Hamdard has also been ranked by the international rankings such as QS and THE. In the Report of the Committee for Review of Existing Institutions Deemed to be Universities (2009) constituted by the Ministry of Human Resource Development (now - Ministry of Education) placed Jamia Hamdard in Table I listing 38 Deemed Universities out of 129 justifying their continuation as "deemed universities". In the year 2019 it was included in the list of HEI for consideration of Institute of Eminence by the Empowered Expert Committee constituted by the Government. The ranking and accreditation is a result of sustained efforts of the leadership in the area of faculty and student quality.

Dear User.

Institution name: JAMIAHAMDARDHAMDARDUNIVERSITY

Your AQAR of the year (2022-2023) has been approved successfully.

3. Academic and Administrative Audit Report Of Various Schools and Non Academic Departments

Academic and Administrative Audit (AAA) is a process that evaluates the effectiveness and efficiency of an academic institution. It involves a peer review process that includes a self-evaluation and a site visit by experts from inside and outside the institution.

The Academic and Administrative Audit at Jamia Hamdard is established with the following objectives:

- 1. To maintain and improve the standard of university operations.
- 2. Constantly work to adopt cutting-edge teaching techniques.
- 3. To assist educators in achieving their greatest potential.
- 4. To assist teachers in creating goals and personal goal statements at the start of each academic semester.

The Academic and Administrative Audit will help the University match all of its initiatives with the accomplishment of its strategic aims. It will make it easier for each academic and administrative entity to create quality standards on their own and then set up the monitoring and enforcement procedures. The summary of Academic and Administrative Audit conducted at various academic and administrative departments/sections are as follows.

4. Orientation Lecture on Major Reforms in Accreditation Process-(A Brief Report)

IQAC has organized an Orientation Lecture on "Major Reforms in Accreditation Process" on 24th May 2024 at Hamdard Convention Centre Hall-1, Jamia Hamdard. The keynote speaker was Prof. N. Jayasankaran, former Vice-Chancellor SCSVMV Kanchi University, Kanchipuram, Tamil Nadu. Prof. Jayasankaran, highlighted major reforms in Accreditation process with particular reference to implementation of Binary Accreditation system of NAAC.

The Program started with welcome address by Prof. S. Raisuddin, Director IQAC followed by introductory remarks by Prof. Mohammad. Shahar Yar, Dy. Director IQAC. Prof. M. Afshar Alam, Vice-Chancellor Jamia Hamdard delivered the presidential remarks. At the end Dr. M.A. Sikandar, Registrar Jamia Hamdard gave the vote of thanks. A large number of Students, Staff and Research Scholars attended the program.

5. Celebration of National/Special Days in Jamia Hamdard

Every year some Important dates and days are celebrated in Jamia Hamdard dedicated to national importance and significance. These are the days celebrated in Jamia Hamdard in 2023-24

S.No.	Name of Event	Date	Organizing Department/School/Section
1	Jallianwala Bagh Massacre Day Remembrance	13.04.2023	Jamia Hamdard Administration
2	International Day for Biological Diversity	22.05.2023	Centre for Environment and Sustainable Development(CESD), Jamia Hamdard
3	World Environment Day	12.06.2023	Centre for Environment and Sustainable Development(CESD), Jamia Hamdard
4	International Day of Yoga- 2023	21.06.2023	Jamia Hamdard Administration
5	Akhil Bhartiya Siksha Samagam(ABSS)	28.07.2023	Director, IQAC(Proceedings are available with DSW/UGC Section)
6	Meri Maati Mera Desh Campaign	9.08.2023 to 30.10.2023	NSS, Jamia Hamdarad
7	Librarian's Day Celebration	11.08.2023	HAH Central Library, Jamia Hamdard
8	Azadi Ka Amrit Mahotsav on the Theme: Nation First – Always First	15.08.2023	Centre for Environment and Sustainable Development(CESD), Jamia Hamdard
9	A Digital India Awareness Campain – Digital India Talk show Cum Awareness programme	21.08.2023	University Examination Section and Hakeem Abdul Hameed Centre for Information Technology(HAH-CIT) in collaboration with National E-Governance Division (NeGD, Ministry of electronics and Information Technology
10	World Physiotherapy Day celebration 2023	06.09.2023	Department of Physiotherapy, SNSAH, Jamia Hamdard,
11	International Ozone Day, 2023	15.09.2023	Centre for Environment and Sustainable Development(CESD), Jamia Hamdard
12	Workshop cum training on tobacco cessation	13.09.2023	Department of Amraze Jild wa Tazeeniyat, SUMER in collaboration with Centre for Dental Education and Research, AIIMS, New Delhi
13	World Pharmacists Day	25.09.2023	Pharmakon Committee of the SPER, Jamia Hamdard
14	SWACHHATA HI SEWA CAMPAIGN	15.09.2023 TO 02.10.2023	NSS-UBA, Jamia Hamdard
15	World Heart Day-2023	03.10.2023	Department of Paramedical Sciences, JH
16	Mega Food Mela	27.10.2023	Jamia Hamdard
17	Vigilance Awareness Week	From 30.10.2023 to 05.11.2023	Jamia Hamdard
18	National Unity Day	31.10.2023	NSS, Jamia Hamdard on the occasion of birth anniversary of Sardar Patel
19	World Anesthesia Day commonly known as Ether Day	01.11.2023	Department of Paramedical Sciences(SNSAH)
20	World Occupational Day Celebration	06.011.2023	Department of Occupational Therapy(SNASH)
21	Diwali Milan	09.11.2023	Department of Physiotherapy, SNSAH
22	World Diabetes Day 2023	14.11.2023	Deptt. of Ain Uzn Anaf wa Halaw & Jarahiyat(SUMER) and Majeedia Unani Hospital

28	World Cancer Day	20.02.2024	Free Health Camp, Majeedia Unani Hospital
29	Women's Day	05.03.2024	Free Eye Check-UP Camp by Women Development Cell, Jamia Hamdard
30	National Science Day	28.02.2024	Jamia Hamdard
31	National Pharmacy Education Day 2024	06.03.2024	SPER in association with Centre for Teaching Support & Innovation (CTSI)
32	International Women's Day	08.03.2024	Jamia Hamdard

6. Summary Report of IQAC Activities

The IQAC has been performing the following activities in periodical basis

- Development and application of quality benchmarks/parameters for the various academic and administrative activities of the University.
- Facilitating the creation of a learner-centric environment conducive for quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process.
- Academic Audit of all Departments/Schools of Jamia Hamdard
- Arrangement for feedback from students, parents, and other stakeholders on qualityrelated institutional processes.
- Dissemination of information on the various quality parameters of higher education.
- Organization of inter and intra University workshops, seminars on quality related themes and promotion of quality circles.
- Documentation of the various programs /activities of the University, leading to quality improvement.
- Acting as a nodal agency of the University for coordinating quality-related activities, including adoption and dissemination of good practices.
- Development and maintenance of Institutional database through UMS for the purpose of maintaining /enhancing the institutional quality.
- Preparation of the Annual Quality Assurance Report (AQAR) of the University based on the quality parameters/assessment criteria developed by the relevant quality assurance body (likeNAAC, NBA, QS, NIRF, THE etc) in the prescribed format.
- Development of Quality indicators of performance (QIs)
- Interaction with experts in the pre and post accreditation quality assessment, sustenance, and enhancement endeavors.
- In the last five years, the IQAC has organized various orientation programs workshops/seminars on various quality related issues.
- Development of Quality Culture in University
- Awareness Program on Binary Accreditation process.
- Preparation and Drafting of Jamia Hamdard Policy Manual.
- Preparation and Drafting of Jamia Hamdard Strategic Plan

RESEARCH & DEVELOPMENT CELL

Jamia Hamdard, New Delhi

Director R&D Cell - Prof. S. Raisuddin

The Research & Development (R&D) Cell of Jamia Hamdard is fully functional. It was established as per the directives of the UGC issued in March 2022 regarding creation of the Research & Development Cell (R & D Cell) for the cultivating a research cultureon the campuses of Higher Education Institutions.

Jamia Hamdard notified establishment of Research & Development Cell vide No. AS/JH/UGC-05/2022dated 14th June 2022. The Research & Development Cell is guided by the Research Advisory Committee/Council. The R & D Cell is headed by the Director and adequate infrastructure has been provided to the Cell.

LAUNCHING OF RESEARCH MANAGEMENT SYSTEM (RMS)

Jamia Hamdard has developed an online research information management system – ResearchManagement System (RMS) (https://rms.jamiahamdard.edu/) through that information related to research projects, publications, conferences, patents, fellowships and training can be submitted and archived. The RMS was launched on the Founder's Day (14th September) in 2022. Faculty members and scholars can also submit their proposals for various research activities through this portal. Using the RMS Jamia Hamdard has minimized paper work. Currently, the following functions are operational in the RMS through online interface. Teachers and scholars can create their online profile and submit information on research activities on the RMS.

- Appointment of Project Staff
- Promotion of Research Staff
- Promotion of PhD scholars working as Research Fellow
- Submission of publication and other information for incentive/felicitation/recognition
- Submission of Proposal for Conferences/ Seminars/ Symposium/ Workshops/ Training Programme
- Submission of Training proposal for students from other institution
- Submission of Proposal for Collaboration/Memorandum of understanding
- Submission of Proposal for induction of distinguished individuals as Adjunct Faculty
- Submission of Proposal for invited lectures on topic of research
- Submission of Research Project
- Application for fellowships (doctoral and post-doctoral)

Faculty members and scholars can check their application status online. Currently, 297 users are registered in the RMS.

INDUSTRY ACADEMIA PARTNERSHIP CELL Jamia Hamdard, Delhi

Industry-Academia Partnership Cell

The Industry-Academia Partnership Cell is developed under the leadership of Honourable Chancellor and Honourable Vice Chancellor of Jamia Hamdard to help each student in exploring placement opportunities by inviting various companies for campus recruitment of students. It gives immense pleasure to invite together industry leaders and academic partners on one single platform to address the spinning dynamics, to describe the growing interdependence of the world. It is an endeavour to create a platform for talent and skill exchange. Further the vision is of making the student community ready for the future challenges. The systematic interaction with the industry and continuous career counselling of the final year and pre-final year students of different Schools of the University is done on regular basis. The University is keen to be associated with well-known companies for research work, projects, training, internship and recruitment. The enthusiasm grows towards showcasing budding aspirants to the industry further gaining faith to be mutually beneficial. The hand holding not only helps the students in getting 'dream' jobs but also assists the visiting companies in identifying the 'right' candidate for the organization.

Our Vision

The Industry Academia Partnership Cell is established to produce technologically competent, morally & emotionally strong and ethically sound professionals, who practice commitment to their profession and dedicate themselves to the service of mankind.

Our Mission

The students are to be developed technically and ethically strong. To make them self-sustainable professionals who may perform in every arena of personal and professional life.

IAPC Committee

The placement related activities, at Industry-Academia Partnership Cell, are carried out by the IAPC committee. The committee is composed under the leadership of Hon'ble Vice Chancellor, with core team of senior faculties, Industry representative, faculties and student coordinators from all the schools, who are in their pre-final & final year.

1. Prof. M Afshar Alam, Hon'ble Vice Chancellor - Chairman 2. Dr Babita G. Kataria - Honorary Director 3. Prof. M Shaharyar, Professor, SPER - Member 4. Dr Zeenat Iqbal, Professor, SPER - Member 5. Dr Sayeed Ahmad, Professor, SPER - Member 6. Dr Sanjay Thakur, Deloitte - Member 7. Dr.Bhavya Alankar, Asst.Professor. SEST - Member 8. Dr. Saima Wajid, Asst.Professor, SCLS - Member 9. Dr Syeedun Nisa, Associate Professor, SMBS - Convener

- Faculty Coordinators of Industry-Academia Partnership cell from each School:
- SMBS: Ms. Manpreet Kaur Kohli, Dr. Jwaad A Khan
- SNSAH: Mr Noor Mohammed, Ms. Jamal Fatima Hashmi, Ms. Anjali Kaushik, Ms. Vandana Solanki, Ms. Sweta M Jacob, Mr. Faraz Ahmed Mufti, Dr. Ashar Imam & Dr. Kalpana Zutshi SEST: Dr. Bhavya Alankar, Dr Sheerin Zafar
- SIST: Dr Selvapendian Dr Khalid Bashir
- **HILSR:** Mr Ishan Ahmad. Dr Burhan Majid
- SHSS: Dr Aabroo Andrabi, Dr Sumaiya
- **SUMER:** Dr. Mohd. Maaz.Dr Anwar Hussain Khan
- **SPER:** Dr Zeenat Iqbal, Prof. M Shaharyar
- SCLS: Dr. M. Shamim, Dr. Saima Wajid
- Followed by faculty & student coordinators from each Schools.

Registration

Students who are in their final year and interested in availing placement support from IAPC have to register themselves for placement. The students have to register their demographic and academic details through placement form to participate in the drives.

Eligibility

Students who fail to clear the academic exams & other formalities at the end of the course, shall be removed from the placement process and will not be eligible for campus placement activities. Any major disciplinary actions will also likely to terminate the student from campus placement activities. The students who are placed in one company are allowed for next opportunity as per the placement policy of the cell.

Process

The process of each recruiting organisation is as per their defined policies. Companies have different rounds of process starting from Pre-Placement talk followed by a written test, Group Discussion (may or may not), rounds of Technical and HR interviews of eligible and shortlisted students. The drives can be conducted via on-campus or off- campus or an online recruitment process.

Once an organization shows interest for recruitment from the University the students are asked to register their interest for the job. An email informing about the job opening and its profile will be shared with the related IAPC committee members and student coordinators. The interested students will register and give consent to participate. Only the interested students are required to register as the entire process is not mandatory. The registered and eligible students for a particular job profile will be considered for the job opening and their names and CVs will be shared with the company. It will be the responsibility of the student to keep his/her resumes updated. Once the names of the students are submitted, students are not allowed to withdraw from the recruitment process. After the process is over, result is announced and shortlisted students will undergo background verification by the company. If all the eligibility and background verification is satisfactory, the student is finally offered.

MOU Signed in 2023

Collaborated with Calyxpod for data capturing and placement assistance. Signed

MoU with University Campus for expanding placement activities.

Under CSR initiative undergone with Click Campus in an agreement to make industry ready candidates.

Coffeee.io and JH collaborated for assessing students, guiding and enhancing corporate connect for placing students.

MOU Signed in 2023

Under CSR initiative signed Scope of Work Agreement with NIIT foundation to facilitate campus placements and training. The collaboration would be mutually beneficial for both the organisations as well as for students. The combining of resources and expertise would significantly enhance the employability of students and contribute to their successful career growth.

CENTRE FOR ENVIRONMENT AND SUSTAINABLE DEVELOPMENT (Director: Prof. M.Z. Abdin)

About Us:

The **Centre for Environment and Sustainable Development (CESD)** at Jamia Hamdard represents the university's profound commitment and dedication to address critical environmental challenges and promoting environmental sustainability. Originally established as the **Environmental Quality Cell (EQC)** in 2016 under the visionary leadership of **Professor M.Z. Abdin**, CESD was formally upgraded in 2022 to reflect an expanded mandate for awareness, education, research and actionable solutions for sustainable development.

CESD plays a pivotal role in fostering environmental consciousness through research, education, awareness programs and community outreach. With our initiatives and objectives closely aligned with the United Nations' Sustainable Development Goals (SDGs), CESD serves as a hub for transformative ventures in sustainability and environmental conservation.

Vision:

Amidst drastically changing climatic conditions and skyrocketing global population, ensuring food and nutritional security requires the amalgamation of expertise and technologies from varied disciplines to promote the sustainability of both the environment and agriculture. The vision of CESD to cultivate ambitious environmentalists, biotechnologists and agriculturists to generate global food, nutritional and bio-resources. Guided by strong ethics and values, CESD seeks to empower individuals and inspire climate action, with a focus on instilling environmental consciousness in society to promote long-term sustainability and thereby accelerate the achievement of SDGs.

Mission:

- > Instill a sense of environmental responsibility and consciousness in the students
- > Advance multidisciplinary education and research in environmental sustainability
- > Equip future generations with the skills to resolve complex environmental challenges using innovative, interdisciplinary approaches
- > Strengthen national research capacity to promote problem solving capability and global adoption of advanced technologies
- > Drive agricultural growth via innovative actionable solutions, policy interventions and research reorientation
- ➤ Promote environmentally sound practices for addressing socio-economic issues, with a focus on ensuring food and nutritional security for holistic well-being.

Our Initiatives:

CESD actively engages in green and sustainable practices to create a healing and positive impact on their environment, including:

- > Solar electricity generation: Advancing renewable energy adoption for sustainable power solutions
- **Rainwater Harvesting:** Promoting water conservation on campus
- **E-Waste recycling:** Promoting 5 Rs of sustainable development by managing and reducing waste responsibly
- > Organic Waste Recycling: Transforming waste into valuable resources
- ➤ Plastic Free Campus Campaign: Spread awareness about harmful implications of plastics on environment and eradicate use of plastics in the campus
- ➤ Tree Plantation Drives: Planting new saplings to minimize the impacts of global warming, soil erosion and climate change in addition to enhancing campus greenery and biodiversity.

Outreach and Events

CESD organizes various programs to raise awareness and encourage active participation in sustainability efforts, especially to sensitize the residents living in the campus, students, teachers and University administration about the environmental issues and their impact at national and global level. Notable events are organized on the following occasions:

- World Environment Day
- World Earth Day
- World Water Day
- International Day for Biodiversity Conservation
- World Ozone Day

These events entail expert lectures, workshops, essay competitions, nukkad nataks and field visits of students and teachers to Yamuna Biodiversity Park and Jahanpannah City Forest.

Since its establishment, CESD has made remarkable contributions to environmental sustainability, including:

- Mapping and documenting the Avi-Fauna and Flora of the Jamia Hamdard Campus.
- Hosting awareness programs featuring eminent scientists and environmentalists.
- Organizing community outreach initiatives to promote sustainability.
- Facilitating hands-on learning experiences through field visits and interactive campaigns.

HMS CENTRAL LIBRARY

University Librarian: Mr. Mohammed Shoaib

Brief Introduction of Library

Jamia Hamdard Library system consists of a Central Library and six School libraries. The Central Library of the Jamia Hamdard was named as Hakim Mohammed Syeed Central Library in 1992 after the name of younger brother of the founder Late Hakeem Abdul Hameed Saheb. Since then, the library has been acquiring quite a large number of resources in conventional and non-conventional forms. The library has more than 2 lakhs books and other documents including 30,000 rare books, 18,500 bound volumes of journals. Library subscribes to national and International journals and online databases. It has acquired quite a large number of CDs, and more than 3500 manuscripts in Urdu, Arabic and Persian languages. Library has also digitized 13589 rare books with the help of Rekhta Foundaion.

The Library is fully automated and extensively leverages modern technologies in delivering its services. Presently Library is using LibSys software a state-of-the-art integrated library management system. Collection is searchable through online catalogue. The library is very rich in oriental collections on different languages including Urdu, Arabic, Persian, etc.

The HMS Central Library is using RFID technology. It is the best automation system used worldwide and is an effective way of managing collections of the library and providing enhanced services to the users having benefits like: self-kiosk for check-in/out of books. The RFID tag captures the book information in microchips and make everyone's job easier right from the users to library staff.

In addition to the various resources, the Library is also a member of e-ShodhSindhu (https://ess.inflibnet.ac.in/) INFLIBNET, DELNET, Ebsco – Business Source Elite, J-Gate Plus, Lexis Nexis, Economics & Political Weekly, Prowess IQ, SCC Online. The Library resources can be accessed from all nodes of Network across the campus. And the more details regarding the library can be accessed from the library web page https://idp.jamiahamdard.edu

Services provided by the library to its users:

- Web OPAC Online Public Access Catalogue
- Off-Campus Access (Remote Access)
- Institutional Digital Repository
- Circulation Counter
- Inter Library Loan (ILL) DELNET
- National Digital Library of India (NDLI)
- Manuscript Section

Smooth conduct of examinations and timely declaration of results is one of the important activities of examination section of Jamia Hamdard. Jamia Hamdard conducts Semester/End semester/Annual examinations as per respective bye- laws/regulation of councils/bodies and examination norms of Jamia Hamdard.

Total Number of students appeared in final year during 2023-24 are 2550. Total

Number of students passed out in final year during 2023-24 are 2343.

Salient Features of Examination System at Jamia Hamdard

- Involvement of Deans, HoDs and Teachers in conducting Examinations:
- (Setting of Question Papers, Internal Assessments, Conducting Semester/ Annual Examinations, Evaluation of Answer Sheets, Tabulations, declaration of results etc.)
- Transparent Examination and Evaluation System
- Examination process governed by the Rules & Regulations/Manual of Examinations of Jamia Hamdard and regulatory bodies

- Regular deliberations on Examination System in governing bodies Board of Management, Academic Council, Standing committee of Academic Council) and other bodies / Committees duly constituted to look into the matters related to Examination and its Reforms.
- Implementation of guidelines, directives of statutory 'Councils' such as UGC, INC, AICTE, NMC, PCI etc. in the examination system of Jamia Hamdard
- Working on Complete Examination Digitization Process
- Introduction of Online Assessment/Evaluation Process.
- Maintaining and adhering to the policy of zero tolerance to protect, and to promote good practices in the Examination System
- Adaptation of Evaluation & Assessment as per the mandate of NEP -2020
- Adopted SWYAAM / MOOCs / CBCS as integral part of university examination system.
- Adoption/Registration in Academic Bank of Credits (ABC)
- Registration in NAD

Examination Reforms (Best Practices)

- Adaptation of NEP 2020
- Simplification of Procedures in Evaluation of Answer Sheets & Declaration of Results as per NEP 2020
- Time Bound Re-Evaluation/Re-Totaling Process
- Time Bound Redressal of Grievances
- Release of Certificates/Documents in a Time Bound Manner
- Full Proof Security Measures Adopted in Degrees/Other Certificates
- Adaptation of Academic Bank of Credits (ABC)
- Registered in NAD Digilocker
- Optimum use of ICT in the Examination Process
- Four layer checking system before it goes to Data Processing Unit (DPU) for entry of marks in ERP/Module and the results are published immediately (The whole process is completed within 30 days), thereafter, Mark Sheets are sent within a week to the respective Deans/HoD's for distribution to the students.
- FAQ's are uploaded on the University Website
- Uniform system of Evaluation and Moderation.
- Utility of Software in Examination and Evaluation process under a single
- Umbrella.
- Subject assessment board under Dean to assess Back paper system after the exam to evaluate performance especially of weak students.
- Examinees are shown their Answer Books.
- Double entry Tabulation.
- Zero Tolerance for any unfair means in examination
- FAQ

Use of ICT in Examination System

- Use of ICT in robust manner emphasizing on Information and Communication
- Use of ICT in PRE EXAM, DURING EXAM and POST EXAM process
- Processing and Printing of summary, Results and Marksheet.
- Online access through University Website for the Existing and Passed out Students to apply for issue of duplicate Marksheet/Provisional & Migration Certificate, Transcripts of Degree and Marksheets etc.
- Online Portal for Fee payment
- Complete Digitization of Examination Process through UMS.

INFRASTRUCTURE DEVELOPMENT

Part – A, Works executed/under progress during 2022-23

1. Solar Energy Tapping.

Jamia Hamdard campus has been equipped with grid connected Net-Metering Rooftop Solar Panels (HIT Module) of total capacity of 465 KWp at different buildings of the campus. This project was funded by HNF-HECA. The Solar Panels are generating on average 57,000 electricity units per month which means the University is saving around Rs. 7.40 lakhs per month on electricity bills. The University has been able to export some generated electricity to BSES. The University has also installed Solar Water Heating System at the hostels for students' use which is working very effectively. The University is also exploring feasibility to install about 300 KWp capacity Solar Panels at the roofs of other buildings.

2. Development of Centre of Excellence for Unani Medicine.

From the fund provided by the AYUSH, Govt. of India, the said work has been taken-up. After due process, the Architect was engaged and the work has been awarded. The work is about to complete shortly.

3. Modification of Computer Centre.

In view of the utmost necessity of a well-equipped computer lab with latest gadgets and technology, the University decided to modify its existing Computer Centre at the first floor of Central Library Building. Accordingly, the work has been started and is in progress. The project is expected to complete within a month.

4. Interior Renovation of School of Pharmaceutical Education & Research (SPER).

The SPER is among the top rated institute of pharmacy in India. The condition of the building was deteriorating. Therefore, the work of its interior renovation was taken-up which included Lab. and General Furniture. After, due procedure, the work was started. The whole work was split in phases. The first phase has been completed. The next phase is going to start soon.

5. Installation of Porta Structure for 10 nos. of classrooms.

To meet-out the utmost requirement of classrooms, it was decided to provide a Porta Structure for atleast 10 nos. of classrooms with mandatory services/offices. A porta Structure infront of Central Library Building has been installed. The classrooms have also been provided with Benches/Desks and Chairs.

6. Introducing E-Waste Management.

E-waste is any electrical or electronic equipment that's been discarded. This includes working and broken items that are thrown in the garbage or donated to a charity reseller like Goodwill. Often, if the item goes unsold in the store, it will be thrown away. E-waste is particularly dangerous due to toxic chemicals that naturally leach from the metals inside when buried. The University has entered into an agreement with M/s. Sorditcon for collection of e-waste and its disposal through authorized source. The agency collects the e-wastes of Computer system, printers, mobile phones etc.

7. Introducing Project "Segregation of Organic Waste its Recycling and Treatment (S.O.R.T)".

Jamia Hamdard has entered into an agreement with an NGO, Indian Pollution Control Association (IPCA), which is engaged in creating environmental awareness and implementing Integrated Solid Waste Management System across India since 2001. The NGO is actively working in the realm of environment for last twenty years and has successfully developed cost effective and environmentally sound techniques and strategies for Solid Waste Management (SWM) in India.

We are pleased to share here that we have installed six nos. of composters in the campus in coordination with IPCA. Following will be the functions:

- Get segregated waste at source.
- To enable Composter operators to compost kitchen and garden/horticulture organics, producing healthy organic Compost and manure to be used by the institute residents and outsiders.
- Increase recycling rate of Municipal solid waste through efficient segregation.
- Educate waste generators / consumers on efficient waste management.
- Promote local self-responsibility for a clean environment.

8. Conducting Electrical Energy Audit and Electrical Safety Audit.

Jamia Hamdard had invited expression of interest (EOI) for conducting Electrical Energy Audit of Jamia Hamdard Campus, New Delhi from Certified Energy Auditors Firms by Bureau of Energy efficiency (BEE) or empanelled accredited Energy Auditors firms for Performance Achieve Trade (PAT). Accordingly, the audit has been done. The scope of the audit included the following:

- Energy Performance Assessment of equipment and utilities in the electrical sub-station, Electric
 power distribution, HVAC systems, Electric motors and drives, Fans and blowers, Water
 pumping systems, UPS systems, Lighting systems, Diesel generator sets etc. and other
 associated installation & equipment of various buildings of the University including study of
 energy consumption pattern and management of power demand in the building.
- Based on the above observations, the focal areas have been identified to provide opportunities for energy saving along with cost benefit analysis.
- The recommendations for the same are being implemented.

9. Introducing "Green University" Concept.

The concept of Green University demands not just the incorporation of a spirit of sustainability into University operations, Curriculum Planning and Daily life on campus, also provides assistance to the University, the community, the Society in general, the Country and the entire Human race in having a Sustainable future through Teaching, Research, Innovation and Campus activities.

As a responsible Academic Institute, our University is willing to be a full-fledged Green University and also strive to bring greater emphasis on achieving a Greener World for the society. Our Green University concept is influenced by following sustainable values and practices.

- Conservation of local biodiversity
- Maximizing the Green landscaping.
- Minimizing the use of Chemicals.
- Water Conservation practices.
- Energy Efficiency and Renewable Energy sourcing.
- Natural Ventilation and use efficient Lighting.
- Adopting Sanitation performance standards, and cleanliness.
- Recycling and composting.
- Fuel efficient transportation.
- Reducing the waste and recycling.
- Herbal and Mythological Gardening.

In view of the above, Jamia Hamdard has been associated with Green Mentor. Green Mentors is UNGA Award winning Nature Driven Research Organization, bringing Power of Nature into Education through its Global Green Schooling Concept. United Nation has selected its Green School Concept as Global Solution and placed it on UN Global Innovation Exchange.

After due audit, the agency, M/s. Green Mentor has issued a certificate addressed to the Hon'ble Vice-Chancellor informing that Jamia Hamdard has achieved the standards for Accredited Green University and hereby accredited as Green University in Platinum Ranking.

10. Rain Water Harvesting System (2016)

In order to prevent the shear wastage of rain water, Jamia Hamdard has developed the rain water harvesting system. Centre for Science and Environment has made the campus as a model Campus of harvested water. This facility is frequently visited by National and International delegations. University had received "Rain Water Harvester Award" in 2006 from the Government of Union Territory of Delhi. The details of rain water harvesting of the campus is given below:

Rain water available for harvesting:

- Total rooftop and surface area: 3,15,380 square meters
- Average annual rainfall in Delhi: 611 millimeters (mm).
- Total volume of rainwater harvested: 67444 cubic meters (m³) or 6,74,44,000 liters.

This represents 35 per cent of the total rainwater harvesting potential.

Rainwater from various catchment areas such as rooftop, surface runoff from open areas and runoff from the Jahanpanah Reserve Forest is harvested.

• Rooftop Rainwater Harvesting at the Library Building

Rainwater from the library's rooftop is taken to a desilting chamber measuring $2m \times 2m \times 3m$ through a closed drain. A baffle wall divides the desilting chamber into two compartments, settlement and filtering chambers. The rainwater first enters the desilting chamber, where the silt gets collected and then overflows into the filtering chamber. The filtering chamber has pebbles, which further filters the rainwater before diverting it into the recharge well. The recharge well measures $1.5m \times 1.5m \times 3m$ in size with a 30m deep recharge bore well measuring 100mm in diameter.

• Rooftop Rainwater Harvesting at the Girls' Hostel

Rainwater from the hostel terrace is diverted to a circular recharge well, 2m in diameter and 3m deep through a closed channel. A desilting chamber is created by constructing a baffle wall inside the recharge well. The rainwater from the terrace flows into the desilting chamber, where the silt gets deposited. The silt-free water overflows into the recharge well. Encompassing a bore well, is 100mm in diameter and 30m deep, where it is stored.

• Surface runoff water harvesting near library building

Surface runoff water from the paved and unpaved areas surrounding the library is collected in two trenches located in the eastern part of the campus (near Gates 5 and 6). The runoff collected near Gate 5 is diverted into a recharge well. Similarly, the runoff from the northern side of the building is drained into an abandoned open dugwell near Gate 6.

• Surface runoff water harvesting from Jahanpanah Reserve Forest.

The surface runoff water from the Jahanpanah reserve forest is collected in a pond from where it flows through a storm water drain adjacent to the Scholars' House. This runoff water is channelized into a desilting chamber and then into a recharge well with 2m x 2m x 3m dimensions and 1m high diversion wall.

• Surface Runoff and Rooftop Rainwater Harvesting At Hamdard Archives & Research Centre

The rooftop rainwater and the surface runoff water is collected in an open drain which runs adjacent to the building. This drain, measuring 450mm in width and 300mm in depth carries the rainwater into the desilting chamber. The silt-free water is diverted to a recharge well which has a bore well to recharge the groundwater.

Details of Rain Water Harvesting Wells in the Campus:

The detailed descriptions of rain water harvesting wells in the campus are given in the following table:

Part – B, Proposed Works:

1. Construction of a building for Hamdard Institute of Legal Studies and Research (HILSR).

In view of the requirement of a separate building for HILSR, EOI was floated through Newspaper and University website for selection of Architects. After due procedure, the constituted Committee selected the Architect. Now, the Architect is working on the design, drawing and BOQ for both blocks as per approved Master Plan, 1999 upto permissible maximum height including basement. The site has already been approved in the Master Plan, 1999. Foundation Stone have also been laid by the Hon'ble Justice, Ms. Hima Kohli of Supreme Court of India on 17th March, 2023.

2. Construction of Super-specialty Hospital named Hamdard Medicity at Jamia Hamdard Campus.

The Sponsoring Body, **Hamdard National Foundation** has planned to construct a Super – Speciality Hospital near Gate no. 06 in the allocated area for Hospital in the approved Master Plan – 1999 The Committee constituted for the said work with co-ordination of HNF-HECA had called 33 reputed architects and Project Management Consultants. After due diligence and going through their profile and power-point presentations, the Chairman, on the recommendation of the Committee and M/s. KPMG, has selected the Architect for the Medicity Project and also for the Revised Master Plan of the Campus. M/s. Colliers International have been appointed as the PMC. Some other agencies/consultants have also been engaged for the work of liaising, environment clearance, survey etc. The expensed are totally being borne by the HNF-HECA. We hope to complete the whole project by 2025.

3. Construction of a Girls Hostel for 500 students.

A proposal in the prescribed format including DPR, estimate prepared by PMC and details of minority students studying in Jamia Hamdard has been submitted to the Ministry of Minority Affairs seeking grant of Rs. 38.72 cr. for the construction of 500 bedded hostel for Girl Students under Pradhan Mantri Jan Vikas Karyakram (PMJVK). The approval/response from the Ministry is awaited.

4. Construction of Incubation Centre.

The site of the left-over work of Dining Hall beside Scholars' House was selected for Construction of Incubation Centre. After due procedure, the Architect, M/s. Space Ace has been engaged @ 1.67% of the project cost. Now, the Architect is preparing design, drawing and BOQ for the same.

5. Extension of SCLS/Administrative Block.

To accommodate new courses along-with the courses of School of Management & Allied Health Sciences, the necessity of extension of SCLS Building was felt.

The work will be taken only after checking of structural stability of the building. In this regard, School of Planning & Architecture, New Delhi has been approached. In response, SPA has submitted its technical & financial proposal. The scope of services i.e., rapid screening, mapping of seismic irregularities in the building, NST, structural analysis etc. are under perusal for further process.

6. Development of Auditorium of 400 seating capacity at 1st **floor of Gymnasium Building.** A proposal to explore the feasibility to convert/develop the existing first floor of Gymnasium building into an auditorium of 400 seating capacity, equipped with all latest gadgets. Currently, the said building is having unfinished facilities of staircase, lift-well, office area, washrooms, pantry area with two big sized halls facing towards Cricket ground. Total covered area of the said floor is about 800 sqm. The work will be taken-up after engagement of the Architect.

CENTRE FOR TEACHING SUPPORT AND INNOVATIONS (CTSI) Director: Prof. Mymoona Akhter

Centre for Teaching Support and Innovations (CTSI), Jamia Hamdard was established in 2022 to play a crucial role in transforming the educational landscape by supporting faculty members and promoting innovation in teaching methodologies. CTSI is committed to aligning its efforts with the mandates set by the University Grants Commission (UGC) and contributing significantly to the implementation of the National Curriculum Framework (NCF). By actively participating in the implementation of the NCF at the university level, CTSI seeks to bring about positive transformations that resonate with the evolving needs of students and the demands of the contemporary job market. We recognize the importance of offering students a well-rounded education that not only imparts theoretical knowledge but also equips them with practical skills that are relevant in real-world scenarios. At the heart of our mission is the commitment to providing continuous support to faculty members. Through workshops, seminars, and collaborative platforms, we facilitate the exchange of ideas and best practices, creating a vibrant community of educators dedicated to excellence in teaching. CTSI recognizes that the landscape of education is ever-evolving, and faculty members need ongoing support to adapt to new pedagogical approaches, technologies, and educational philosophies.

By fostering this community of dedicated educators, CTSI contributes to the cultivation of a dynamic and innovative teaching culture at Jamia Hamdard. Through collaborative initiatives, CTSI helps to create an environment where faculty members feel empowered to explore and implement cutting-edge teaching methodologies that enhance the learning experience for students. CTSI remains committed to its role as a catalyst for positive change in the academic landscape, championing innovation, flexibility, and academic equivalence. Together, we build a future where teaching excellence is at the forefront of our educational endeavors.

Activities organized during the period.

1. Organized the participation of students to enrol and participate in the "Blue Planet Sustainability Fellowships Program" Organised by DEEP-C the Effective Education vertical of Delhi Research Implementation and Innovation Cluster (DRIIV), an initiative of the Office of the Principal Scientific Advisor (PSA) to Govt of India, as a means to encourage entrepreneurial interventions across the country and to use scientific research & innovation for India's socio-economic development towards Atmanirbhar Bharat.

CENTER FOR TRAINING & DEVELOPMENT (CTD) JAMIA HAMDARD

(Director: Prof. Syeedun Nisa)

Centre for Training and development is an initiative of Jamia Hamdard, set up under the School of Management and Business Studies in the year 2022. The centre aims to provide education, skill development through practical and relevant training programmes to help participants build their careers, develop corporate skill sets and keep up with the fast-changing world.

OBJECTIVE: To ensure the participants are better "fit" in the industry by making them industry and society ready. The Centre enables a leader or a leaner to know about the technicalities and methodologies in the best possible way. Our curriculum is completely based on the modern-day requirement of corporate and training industry along with the academic excellence. CTD will provide technical courses, intense practical lessons and a wide range of business courses. The centre focuses in the areas of Research, Education, Behavioural Sense, Personality Development, Skill development to name a few domain specific in Sales & Marketing, International Business, HR Operations, Finance, Strategy, Leadership etc. The Centre will be conducting and organizing training programmes, workshops, seminars & webinars at Local, National, and International levels. Trainees will be provided with necessary resources, mentorship and skill building activities for developing their professional career potential. The trained lecturers will help the beginners kick start their career and succeed in future endeavours and also enhance the skill of the working professionals of different organisations addressing specific executive learning/corporate training. At CTD the participants can upgrade social and professional skills that will develop the ability to make a significant meaningful impact on the community and society. CTD intends to drive innovation, access specialized expertise, advance research through collaborations.

A Centre is built around understanding human training needs and to offer solutions in the areas of management. The Centre for Training and Development is driven under the aegis of Jamia Hamdard. Jamia Hamdard ecosystem is fostered by Hamdard National Foundation an NGO for social welfare with the objective of crafting an awakening regarding education and healthcare among the people belonging to the weaker sections of the society. University conducts cutting-edge research in the fields of social, natural science and technology, particularly in modern and traditional medicine systems, especially Unani, encompassing a holistic and integrative approach to healthcare. University also has the extensive experience in the industry and academia to meet one of the main academic goals to actively enhance the professional growth of practicing managers through well designed and well-delivered Management Development Programs (MDPs). These are short duration skill development programmes for corporate executives who cannot attend long duration programmes due to compelling professional needs but need frequent updating of their managerial competencies to succeed in a globalized society. These MDPs are designed for corporate workforce, social workers and government employees. The Centre for Training & Development, Jamia Hamdard organizes exclusive custom-designed programmes, to address specific Executive Learning and/or Corporate Training needs of individual organisations. Such programmes can be domain-specific as in Sales & Marketing, International Business, HR, Operations, Finance, Strategy, Leadership, etc. or inter-disciplinary, comprising an ideal combination of multiple functional areas.

BEHIND THE LENSIn Collaboration with Panasonic

This workshop was organised by the Centre of Training & Development, Jamia Hamdard in collaboration with Panasonic. The workshop commenced with the inaugural function which was graced by luminaries and experts from the field of photography and filmmaking. We had Mr Hardeep Singh Sarna, the Business Chief, Imaging Business, Panasonic India & SAARC countries as the Chief guest and Mr Sarthak Sahaney, Marketing Manager, Panasonic Mr Hitesh Vig, Senior Manager, Panasonic along with Mr Pushkar Hans, renowned fashion photographer & director as guests of Honour. All the speakers enthralled the audience with their insightful perspectives on photography, its role and importance as a medium of communication.

The first technical session was conducted by Mr Hitesh Vig who sensitized the participants with the use of Artificial intelligence and latest technology to streamline workflow and enhance the photographic experience. He also explained how pictures depict different emotions and tell a story! the videos of his actual interactions with people captured at different locations were also shown to the participants.

The second day of the workshop commenced with a very interesting & thought-provoking lecture by Prof. Farhat Basheer Khan who explained how photographs are captured with sentiments in mind because "these sentiments create a story in the photograph.

In the next session, we had Mr Kshitij Sheetak who delivered a very engaging session on challenges in production, importance of preplanning & planning of shoot. He discussed the importance of pre-production of shoot and right use of light source with the help of very relatable examples. He also discussed the importance of popular artwork such as paintings, that provide a perspective of lights and shadows. It gives me immense pleasure to inform you sir that the sessions were so interactive, informative and useful that the participants were not ready to leave our resource persons Mr Kshitij & Mr Hitesh.

The photography session, hosted by Mr. Pushkar Hans which started really early around 6 am in the morning today, provided the participants with a hands-on experience in conducting a full-fledged commercial shoot both indoors and outdoors. The session commenced with a morning setup, where attendees shot outdoors in a basketball court, with the aim of creating a mock advertisement for a sportswear brand. The session was followed by a discussion focusing on analyzing the shoot pictures and delving into the marketing aspect of working as a professional photographer.

The second half of the workshop focused on shooting a high fashion concept in an indoor location. During this session, the emphasis was placed on shooting aesthetic, directing models, and the use of artificial light to create stunning visuals. Through this experience, participants got the opportunity to witness how professional photo shoots are conducted first-hand and build a portfolio for themselves while pursuing their course. Participants gained knowledge and skills related to commercial and high fashion photography,

Participants were also given the much-required exposure of the new age equipment's, cameras and lenses through a touch and feel demonstration and hands on learning of tools and techniques of photography and film making from the best of industry professionals; which is the core essence and mission of this Centre for T& D.

ONLINE WORKSHOP ON 'RESEARCH METHODOLOGY' In Collaboration with Islamiah Women's Arts & Science College

Centre for Training and Development, Jamia Hamdard in collaboration with Islamiah Women's Arts & Science College is organized Five Day Online Workshop on **RESEARCH METHODOLOGY** from 12th Feb – 16th Feb 2024. This endeavour not only enhanced the learning journey but fostered stronger tie ups with both the institutions. The training dwelled deep into introducing the Research Methodology. Beyond acquiring technical skills this workshop also offered an opportunity to cultivate a mindset of curiosity and critical thinking.

The Inaugural function in virtual mode was held on 12th February 2024 at 11.00 AM. The event presided by Hon'ble Vice Chancellor Prof. (Dr.) M. Afshar Alam, commenced with the recitation of sacred verses from the Holy Qur'an by Dr. Faiza Roohani, Assistant Professor, SMBS. Prof. (Dr.) Syeedun Nisa, Honorary Director of Centre for Training & Development, welcomed the distinguished guests and provided insights into the workshop's objectives and activities. She encouraged the participants to actively participate in the workshop. Hon'ble Vice Chancellor Prof. (Dr.) M. Afshar Alam shared comprehensive presidential remarks. He said that through these workshops he wished research to flourish and provide mentorship to other institutes/colleges so that they can also journey through some good research and wished students, a rewarding and enriching experience. Dr. Shikha Gera introduced the resource persons and briefed about the workshop schedule. Prof. (Dr) Reshma Nasreen, Dean SMBS & DSW and Chairperson for Centre for Training & Development in her Special address said that the Department aims to propagate, inculcate researches which are interdisciplinary, contemporary and with different insights and also are taking forward the philosophy of National Education Policy of collaboration, hand holding with other institutions. She also thanked the Principal of Islamiah Women's Arts & Science College for this initiative, Prof. (Dr.) M. Afshar Alam, Vice Chancellor for leading and giving morale support & Prof. Syeedun Nisa for laddering the whole workshop. Ms. Manpreet Kaur Kohli, Assistant Professor and the member of CTD was the presenter of the Inaugural function. 40 participants across PAN India & abroad participated in the 5 day Workshop.

WORKSHOP ON 'MENTAL & EMOTIONAL WELLNESS' For UNIVERSITY TEACHING STAFF

The Centre for Training and Development under the able leadership of Prof. Reshma Nasreen & Mental Health Club under the leadership of Dr. Sadaf Siraj at Jamia Hamdard, in collaboration with the Management & Leadership Development Centre, New Delhi, organized a two-day Workshop on Mental & Emotional Wellness for University Teaching Staff from July 4th to July 5th, 2024. This initiative, spearheaded by Dr. Sadaf Siraj, President of the Mental Health Club and Centre for Training & Development, was tailored specifically for the faculty of Jamia Hamdard.

The Inaugural function commenced at 11:00 AM on July 4th, 2024, under the presidency of Hon'ble Vice Chancellor Prof. (Dr.) M. Afshar Alam. The event began with the recitation of sacred verses from the Holy Qur'an by Dr. Faiza Roohani, Assistant Professor at SMBS. Prof. Reshma Nasreen, Chairperson of the Centre for Training & Development, extended a warm welcome to the distinguished guests, outlining the workshop's objectives and activities. Emphasizing the significant interplay between physical and mental well-being, she encouraged active participation from the attendees.

In his comprehensive remarks, Hon'ble Vice Chancellor Prof. (Dr.) M. Afshar Alam underscored the importance of acquiring life skills through such workshops, crucial for nurturing both mind and soul. Dr. Shikha Gera, Assistant Professor and member of CTD delivered the Vote of Thanks, while Ms. Manpreet Kaur Kohli, Assistant Professor and Ms. Tomina Cherian, Assistant Professor from CTD presented during the Inaugural function.

The workshop featured Mr. Pratheek Pathak, Director, MLDC, and Ms. Geeta Ranga, Associate Director, MLDC, as resource persons. Mr. Pratheek is a Theta healer, Meditation Teacher, Transformation Coach, Soft Skill Trainer & Stress Management Expert. Ms. Geeta Ranga is a motivational speaker and stress management expert. Her expertise also lies in the area of meditation. Focused on themes like self-love, gratitude, forgiveness, meditation, and achieving focus and groundedness, the transformative sessions included interactive exercises that enhanced participant engagement. The workshop concluded with feedback sessions from the 35 teacher participants representing various departments of the university.

The two-day event culminated in a Valedictory function, where Prof. Syeedun Nisa, Honorary Director of CTD, delivered the Vote of Thanks, marking the successful completion of the workshop aimed at fostering mental and emotional wellness among university faculty.

HMS Central Library

The University Library is one of the oldest academic institutions, established by the great visionary, the late Chancellor Hakeem Abdul Hameed (1908-1999), in 1977. In 1992, it was renamed the Hakeem Mohammed Said Central Library (HMSCL) in honor of the founder's younger brother. HMSCL is committed to ensuring that all university resources are consolidated under one system, providing users with easy access to these resources whenever needed. The library is fully automated with RFID technology, featuring self-service kiosks for convenient check-in and check-out.

The Jamia Hamdard Library System consists of the HMS Central Library and six school libraries: the Hamdard Institute of Legal Studies and Research (HILSR), the School of Chemical and Life Sciences (SCLS), the School of Interdisciplinary Sciences and Technology (SIST), the School of Nursing Science and Allied Health (SNSAH), the School of Pharmaceutical Education and Research (SPER), and the School of Unani Medical Education and Research (SUMER).

The library houses approximately 1,90,000 volumes, including around 30,000 rare books. It also holds over 18,500 bound journal volumes and subscribes to a range of national and international journals, as well as select online databases. A standout feature of the library is its Manuscript Section, which contains over 3,500 manuscripts in Urdu, Arabic, and Persian.

The library has been providing research support services to the faculty and research scholars of the university.

The following is the list of academic events organized by the library during the academic year 2023-24:

August 11, 2023

Measuring and Maximizing Research Impact/Invited talk by Dr. Tariq Ashraf, former University Librarian & Head, Department of Library & Information Science, Jamia Millia Islamia, New Delhi.

October 17, 2023

Orientation Session on SCC Online.

October 25, 2023

Training Session on Drillbit (Plagiarism Detection Software)/by Mr. Abhyas Singh, Drillbit.

November 20, 2023

ORCID: Magnifying Your Research Profile/Invited talk by Mr. Kannan P., Scientist-E, INFLIBNET Centre, Gandhinagar.

March 11, 2024

Training Session on LexisNexis/by Ms Sarita Patnaik, Senior Client Trainer, LexisNexis India.

Works executed during 2022-2024 through Corporate Social Responsibility (CSR) Fund – HNF (HECA)

- 1. **Modification of the Computer Centre:** A high-tech Computer Lab. in the name of **Hakeem Abdul Hameed Centre for Information & Technology** has been provided at the first floor of Central Library Building. The work include complete renovation with furniture and IT infrastructure.
- 2. **Installation of Laboratories Furniture:** The work of SITC of latest Lab. Furniture of SCLS has been done. The same has also been provided in the SPER. Some Labs of SPER are under renovation, the furniture will be installed after their renovation.
- **3. Road Carpeting:** The work of Bitumen Road Carpeting (about 2.9 km) of whole campus has been completed. The work includes thermo-plast paint, glow studs, solar studs, RPM studs, spring poles, convex mirrors, speed breakers, reflectors etc. as required. This work also includes widening of roads, footpath, inter-lock tiles for parking areas, kerb stones wherever required.
- 4. **Sewerage Treatment Plant (STP) of 400 KLD:** In view of the increasing requirement and future expansion, the work of construction of an additional STP of 400 KLD has been initiated. The work is in progress.
- 5. **Face-lifting of all buildings of the campus:** The work of face-lifting of all institutional & residential buildings has been take-up. Most of the buildings have been completed. The work is still in progress.

- 6. **Boundary Wall with Concertina Razor wire:** Keeping in view of the safety & security from theft and to prevent the entry of unsocial elements, the height of the boundary wall of the campus has been raised, as per requirement.
- a. **Development of HARC Building:** The work of Making of cubicles (i/c flooring, ACs, furniture etc.) for Faculty members at 2nd floor has been completed.
- b. Waterproofing treatment with tiling work of the terrace has also been completed.
- 7. **Renovation of Auditorium:** The work of acoustical treatment of the auditorium including replacement of carpet, upholstery of chairs, wall panelling, polishing/painting, termite treatment, lighting as required has been completed.
- 8. **Development of Museum in Archives Building:** The work of development of a Museum has been initiated at the ground floor of HARC Building. The projects shows the History of the founder of Hamdard, Janab Hakeem Abdul Hameed Sahab and his contribution to the Nation. It will also include the details of origin of Hamdard (Laboratories & Educational Institutes).
- 9. **Renovation & modification of Hamdard Convention Centre:** The Convention Centre was started in 1987-88 and no major work was done since its inception. Due to termite and deterioration of assets/infrastructure with time, it was required to renovate & modernise the building. Accordingly, Hamdard National Foundation HECA has taken-up the project. The work include replacement of all wall panelling, furniture, flooring/carpet, domes, lighting, ACs with the latest design to utilise more space. All the washrooms are also being renovated and proper waterproofing of the terrace has been done.
- 10. **Modification of Boardroom of 10 & 20 pax:** The work of modification of boardrooms of 10 & 20 pax has been taken-up by the HNF-HECA. The work of 10 pax boardroom at ground floor of SCLS with latest audiovisual system has been completed. The work of 20 pax boardroom at the VC Secretariat is in progress.
- 11. **Making of glass cubicle for Students Assistance:** A toughened glass cubicle has been provided at the entrance of SCLS building to provide assistance & counselling to the admission seekers.
- 12. **Modification of the DG Sets:** As per the NGT Delhi guidelines, it is mandatory that the DG Sets shall have either the Retrofit Emission Control Device (RECD) or Duel Fuel System (DFS) in order to control the pollutants release from the DG sets. For the same reason, the DG Sets are being equipped with latest Duel Fuel System.
- 13. **Up-gradation of Sub-Stations:** Most of the existing LT & HT breakers and cables of main 11 KV Sub-Stations I & II were very old. These oil field circuit breakers are being replaced with the latest breakers and RMUs. The old LT panels are also being replaced with new latest technology equipment, switch gears etc. Required cables are also being replaced as per requirement.

A. Works executed during 2022-2024 from University fund

- 1. Whitewashing, painting & tiling work at 1st floor of SNSAH building: The work was carried out before the visit of the delegations of Nursing Counselling Team and to beautify the 1st floor corridors of the SNSAH Building.
- **2. Repair & Renovation of office and store room of Horticulture Deptt. at Nursery Compound:** The existing structure was in very bad shape and out of utilization. Accordingly, the work was carried out to create one Horticulture office and a store room for equipment & manures.
- 3. Modification of existing instruments Lab. tables & Duco spray painting of the instruments of Ilmul Advia Research Lab, SUMER building.
- 4. Development of basement floor & washroom facilities at Scholars' House for Sewing Training Centre for the Women of poor & weaker section of the Society.

- 5. Development of Centre of Excellence under Unani Medicine at 3rd floor of Nano Building (Ministry of AYUSH, Govt. of India).
- **6. Renovation of Dining Hall, kitchen & rooms of Scholars House:** Major renovation and modification of the Kitchen, Dining Hall & rooms of Scholars House were done to facilitate the visitors, academicians & guests of the University.
- 7. Providing & Fabricating of Laboratories work-stations for Deptt. of Para Medical Sciences at 2nd Floor, SNSAH Building: To meet the requirement for practical works, the wrok-stations were fabricated & installed as per the requirement of the Paramedical Courses.

Schedules forming part of the Financial Statements for the period ended 31st March 2024

(All amounts are in Rs. unless otherwise stated)

1 SIGNIFICANT ACCOUNTING POLICIES

A Basis of preparation and accounting

The Jamia Hamdard "The University" is a deemed to be University registered as a Society under Societies Registration Act 1862. It is a non-profit organization running on no profit no loss basis.

The financial statements are prepared under the Historical Cost Convention and on Going Concern concept. The accounts are prepared generally on accrual method of accounting. The Financial Statements of the University represent Balance Sheet, Income and Expenditure Account and Notes to accounts.

The Accounts of the Provident Fund have been shown separately as these do not form part of consolidated accounts of the University.

The offshore campus accounts, such as those for Kannur in Kerala, are maintained separately. These accounts are audited by a separate auditor and subsequently consolidated into the University's financial statements

B Revenue Recognition

Fees from Students and Interest on investments are accounted on accrual basis.

C Fixed Assets and Depreciation

Fixed assets are stated at cost of acquisition including inward freight, duties and taxes and incidental and other direct expenses related to their acquisition, installation and commissioning.

Fixed assets are valued at cost less accumulated depreciation. Depreciation on fixed assets is provided as on ad-hoc basis. The management is in the process of identifying and valuing the fixed assets and to provide commensurate depreciation in books of accounts.

The assets procured out of Research Projects Fund awarded to faculty of University by different government agencies are not taken in the schedule of Fixed Assets forming of part of the Balance Sheet because the ultimate ownership of these assets rests with Government Departments/Projects.

D Capital Work-in-Progress

Capital work-in-progress includes the costs incurred on Fixed Assets that are not yet ready for the intended use. Depreciation is not recorded on capital work-in progress until construction and installation are complete and the asset is ready for its intended use.

E Inventories

Inventories includes the medical consumables, supplies etc. which belongs to HIMSR. On account of dispute, there is no change in value of inventory for last three years. Refer to Note 7 and Note 18 for further details.

F Retirement Benefits

Liability of retirement benefits i.e. Pension, Gratuity and Leave Encashment are to be provided on the basis of actuarial valuation. The actual payments of Pension, Gratuity and Leave Encashment are debited in the accounts to the respective provisions.

As per actuarial valuation of Pension, Gratuity and Leave Encashment, the value of liability is assessed at Rs. 313,88,35,193/- for Pension, Rs. 45,76,94,833/- for Leave encashment and Rs. 42,98,88,937/- for Gratuity. The appropriate corpus on the basis of annual actuarial valuation is provided in the books of accounts for Gratuity & Leave encashment only. During financial year 2023-24, provisions have been created as follows:

- i) Provision for Pension Rs. 47,50,00,000/-
- ii) Provision for Leave encashment Rs. 24,97,41,669/-
- iii) Provision for Gratuity Rs. 94,580,462/-

The provision for pension would be consistently provided every year to make the funds sustainable in long run.

G Investments

Investments are carried at their cost.

T. Afshan Calam

Schedules forming part of the Financial Statements for the period ended 31st March 2024

(All amounts are in Rs. unless otherwise stated)

H Corpus Fund

Corpus/Capital Fund is created to the extent of fixed assets capitalized during the year out of Plan/Earmarked Grants. Adjustments on account of observations relating to previous year are routed through Corpus/Capital Fund Account.

I Grants

Grants are accounted for on realization basis.

The grants received from government for research projects are maintained separately for each grant. A statement of project wise grant received and utilised is presented separately in Annexure B.

J Sponsored Projects

Grants received from Sponsors are accounted for during the year when it is received and disclosed as "Current Liability". Expenditure incurred out of grant received are debited to the respective project account and unspent Some Fellowships and Scholarships are also sponsored by various organizations. These are accounted for in the same way as Sponsored Projects except that the expenditure is generally only on disbursement of Fellowships and Scholarships, which may include allowances for contingent expenditure by the Fellows and Scholars.

K Income Tax

The Income of the University is exempt from Income Tax under Section 10(23C)(vi) of the Income Tax Act, 1961. No provision for tax is therefore made in the accounts.

The Society i.e. Jamia Hamdard also have exemption under section 80G of Income tax act, which makes it eligible for accepting donations. The tax deducted at source is shown as recoverable under head "Duties and taxes" in Balance Sheet.

Schedules forming part of the Financial Statements for the period ended 31st March 2024

(All amounts are in Rs. unless otherwise stated)

18 Hamdard Institute of Medical Sciences and Research (HIMSR) including Hakim Abdul Hameed Centenary Hospital (HAHCH) is operating on campus as a constituent institution of the University. HIMSR is maintaining its books of accounts separately and is audited by a separate firm of Chartered Accountants.

Upto FY 2020-21, the HIMSR was using the PAN belonging to the Jamia Hamdard University and the financial information of the HIMSR was included in the financial statements of the University for submission to Income tax Department under single PAN.

From FY 2021-22, HIMSR started using a new PAN belonging to another society "Hamdard Education Society (HES)" without any approval of Board of Management/ Executive Council of the University.

Further, audited financial statements of HIMSR for FY 2021-22, FY 2022-23 and FY 2023-24 are not received by the University. In view of the above facts, management of the University has decided to present it's accounts without consolidation of HIMSR Accounts.

The current financial statements of University includes the financial information of HIMSR only upto 31.03.2021 (i.e. upto FY 20-21). All the accounts information of HIMSR including assets, liabilities, funds and reserves are carried forward from previous year and no impact of HIMSR accounts have been taken during current FY 2023-24. Jamia Hamdard is exploring all the legal options for this matter and has also reported this matter to Commissioner of Income Tax (Exemptions).

During the year, the University has recovered the amount of electricity charges from HIMSR. However, other overheads like security, housekeeping, horticulture etc. are not charged to HIMSR and are to be decided after settlement of dispute with HIMSR.

Further the bank accounts associated with HIMSR are unreconciled and balances are carried forward from previous year.

1) J & K Bank (HIMSR Pharmacy)

4) BOI (HAHC Hospital)

2) J & K Bank (HIMSR)

5) BOI (HIMSR)

3) J & K Bank (HIMSR-011)

Jamia Hamdard has submitted a claim of Rs. 153.93 crores to HIMSR for various expenditures incurred by the University. These include common facilities, employee dues, license fees, property tax, and other related expenses. The details are as follows:

Sr. No.	Particulars	Amount (in INR lakhs
1	Opening Balance as at 31.03.2021 recoverable from HIMSR	796.34

Schedules forming part of the Financial Statements for the period ended 31st March 2024

(All amounts are in Rs. unless otherwise stated)

	Total	15393.42
	Charged from 2021-22 onwards at 25% of fee collections by HIMSR.	
10	Infrastructure and Common Facilities Charges	8617
	Gratuity Contribution for their services at HAHCH.	14

	Employer Contribution (2016-17 to 2023-24).	8.9
	Salary for four nursing/paramedical staff posted at HAHCH from 2012-13 to 2023-24.	198.65
9	Salary Reimbursement for Staff Deployed at HAHCH	
	23-24: Rs. 190.00 Lakhs + Interest	
	22-23: Rs. 165.15 Lakhs	
	21-22: Rs. 338.63 Lakhs	
	CPF Employee Share, Management Share, and Interest (from 1.4.2021 to 31.3.2024):	728.81
	23-24: Rs. 25.58 Lakhs	
	22-23: Rs. 18.31 Lakhs	
	21-22: Rs. 21.73 Lakhs	
	Pension Contribution:	65.62

Out of the total claim of Rs. 153.93 crores, Rs. 57.20 crores pertain to retirement benefits, electricity charges, property tax, and license fees for outsourced vendors, which Jamia Hamdard has already paid and accordingly recorded in our accounts as recoverable from HIMSR.

Further, the reconciliation process is ongoing, and the remaining receivables have not yet been recorded in Jamia Hamdard's books for FY 2023-24 and it will be accounted for in the next financial year, 2024-25, following reconciliation.

The University is following the Government of India rules at par for providing contributory provident fund and pension benefits to its employees. There is neither approval nor support from Government of India or from University Grants Commission for these benefits. The University has established an independent trust for administration of CPF, GPF cum pension scheme and Gratuity. However its operation is not started during FY 2023-24 and Statutory Exemption from Income Tax Department and registration of Trusts are still pending. Further as per the approval of Board of Management in its meeting held on 24-04-2015, New Pension Scheme is also implemented by the University, effective from September 2024.

The University transfer its Provident Fund (PF) liabilities to a separate PF account and maintains its separate Books of Accounts. The amounts payable/receivable in University's financial records is under reconciliation with the Books of Accounts of PF.

- 20 During FY 22-23, with the support of extended team & professional deputed by Sponsoring body "Hamdard Nation Foundation", the University had started the reconcilation for the following bank accounts including the opening balance difference, which have subsequently verified by former Deputy CAG & an independent financial advisor, the impact of which have been considered in the prior-period income & prior-period expenses.:
 - 1. JK Bank account ended with 1539
 - 2. JK Bank account ended with 0001
 - 3. PNB Bank account ended with 7377
 - 3. BOI Bank account ended with 0312

The PNB and BOI accounts were reconciled, and the necessary entries to reflect the reconciliation were recorded in the financial statements for FY 2022-23. However, both JK Bank accounts were reconciled during FY 2023-24, and the corresponding entries were made in the books for FY 2023-24. As for the bank account ending in 1539, a discrepancy of Rs. 53,62,903 remains unreconciled. Following approval from the competent authority, the University wrote off this amount in FY 2023-24.

21 The University has discharged it's reverse charge liability under GST on Legal services, however for the renting the cab since the university doesn't fall under the definition of Corporate, the Company has not assumed the liability of GST for renting of cab.

22 Others

- a) Balances confirmation from Vendors, Debtors and Employees were not conducted during the year or after the financial year's end. The balances are not identifiable to an individual party and the reconciliation for the same is under progress.
- b) Interunits balances between different divisions/units including PF are under reconciliation.

23 Contingent Liabilities not provided for

- a) Completion certificates of buildings, completed in preceding years are yet to be received. Any liability on account of government dues if payable is not quantified. Hence, the same has not been provided.
- b) As specified in note no. 18 of the notes above, HIMSR (including HAHCH) is functioning within the campus treating itself as a constituent institution. There is conflict on account of use of separate PAN number by HIMSR and maintaining its own accounts as an independent unit without approval of Board of Management/Executive Council of the University. As at the date of these financial statements and up to the date of approval of these financial statements, HIMSR is not able to take necessary approvals under law of land to run the medical institution separately. Therefore, HIMSR is an integral part of the University and functioning within its contiguous campus and its students are awarded academic degrees by Jamia Hamdard. The University has taken necessary steps to inform various authorities about this matter. However, the University remains exposed to any claim that may arise on it due to these unlawful steps taken suo moto by HIMSR.
- c) There are 3 cases pending for many years for settlement of terminal benefit of employees for which as per court orders, monthly payments are being paid to them. However, the final settlement through court is still pending.
- d) Liability on account of 47 pending legal cases is not quantifiable.
- e) The property tax of around Rs. 86 crores is demanded by Municipal Corporation of Delhi. No provision has been made for it. However, the amount is under dispute with Municipal Corporation of Delhi The matter is pending before judiciary and the related liability is not quantifiable. The liability may attract interest and penalty also.
- f) In the absence of adequate insurance for the property held by the University, it remains exposed to any losses that may arise due to unforeseen events
- g) Considering its stature, the University may have Interest or Penalty liabilities on account of compliances on applying viz., Provident Fund recognition or approval of Commissioner of Income Tax and Perquisite taxes on house accommodation etc. on the University or its employees.
- h) An Income Tax demand of Rs. 159,42,55,384 is being reflected on the Income Tax Portal:

Assessment	Amount of Demand	Amount of Interest accrued
2019-20	1,09,57,88,449	49,84,66,935
Total	1,09,57,88,449	49,84,66,935

The Income Tax Department has waived all the demand via order dated 09.10.2024 u/s 154 of the Income Tax 1961 and the same is to be updated at online Income Tax Portal.

i) The demand for Rs. 1,13,90,690 is pending at TRACES portal of Income Tax Department. The details are as follows:

Financial	Amount of Demand

- 24 The individual ledgers/funds accounts maintained by Jamia Hamdard requires detailed review to remove the effect of any old and outstanding adjustments. The work of account cleaning, ledger reconciliations are being done by external agencies and expected to be done and closed in FY 2024-25.
- 25 There is no decline in the present value of future services to be rendered by the fixed assets.
- 26 There is no fall in the serviceability or the fixed assets shown in the books.
- 27 There is no loss on account of flood, fire or other casualty.
- 28 Previous years' figures have been regrouped/ re-arranged wherever required to make them comparable with the current financial year's figures.
